<b>GRAPH</b>	<b>TITLE</b>	<b>SOURCE TABLES</b>	<i>page</i>
Graph 1:	Percentage of high school learners who reported violence-related behaviours by gender across the provinces	3, 4	145
Graph 2:	Percentage of high school learners who were assaulted by a boyfriend/girlfriend by gender across the provinces	5	146
Graph 3:	Percentage of high school learners who assaulted a boyfriend/girlfriend by gender across the provinces	5	146
Graph 4:	Percentage of high school learners who were ever forced to have sex by gender across the provinces	5	147
Graph 5:	Percentage of high school learners who ever forced someone else to have sex by gender across the provinces	5	147
Graph 6:	Percentage of high school learners who were driven by someone who had been drinking alcohol by gender across the provinces	8	148
Graph 7:	Percentage of high school learners who drove after drinking alcohol by gender across the provinces	8	148
Graph 8:	Percentage of high school learners who walked alongside a road after drinking alcohol by gender across the provinces	8	149
Graph 9:	Percentage of high school learners who reported suicide-related behaviours by gender across the provinces	9	150
Graph 10:	Percentage of high school learners who were younger than 10 years when they first tried smoking a cigarette by gender across the provinces	10	151
Graph 11:	Percentage of high school learners who were exposed to environmental tobacco smoke by gender and smoking status, across the provinces	11	152
Graph 12:	Percentage of high school learners who drank alcohol in the past month by gender across the provinces	12	153
Graph 13:	Percentage of high school learners who engaged in binge drinking of alcohol in the past month by gender across the provinces	12	153
Graph 14:	Percentage of high school learners who were younger than 14 years when they first had sex by gender across grades	16	154
Graph 15:	Percentage of high school learners who have had sex who mostly use no method of contraception by gender across grades	17	154
Graph 16:	Percentage of high school learners who have had sex who always use a condom by gender across grades	18	155
Graph 17:	Percentage of high school learners who have had sex who have been pregnant or made someone pregnant by gender across the provinces	18	155
Graph 18:	Percentage of high school learners who were underweight (low weight for age) by gender across the provinces	22	156
Graph 19:	Percentage of high school learners who were stunted (low height for age) by gender across the provinces	22	156
Graph 20:	Percentage of high school learners who were wasted (low weight for height) by gender across the provinces	22	157
Graph 21:	Percentage of high school learners who were overweight by gender across the provinces	22	157
Graph 22:	Percentage of high school learners who were obese by gender across the provinces	22	158
Graph 23:	Percentage of high school learners who always washed their hands after going to the toilet by gender across the "races"	31	158
Graph 24:	Percentage of high school learners who always washed their hands before eating by gender across the "races"	31	159

# GRAPH 1: Percentage of high school learners who reported violence-related behaviours by gender across the provinces

1. During the month preceding the survey

2. One or more times during the 6 months preceding the survey

3. Such as a gun, knife, panga or kierrie

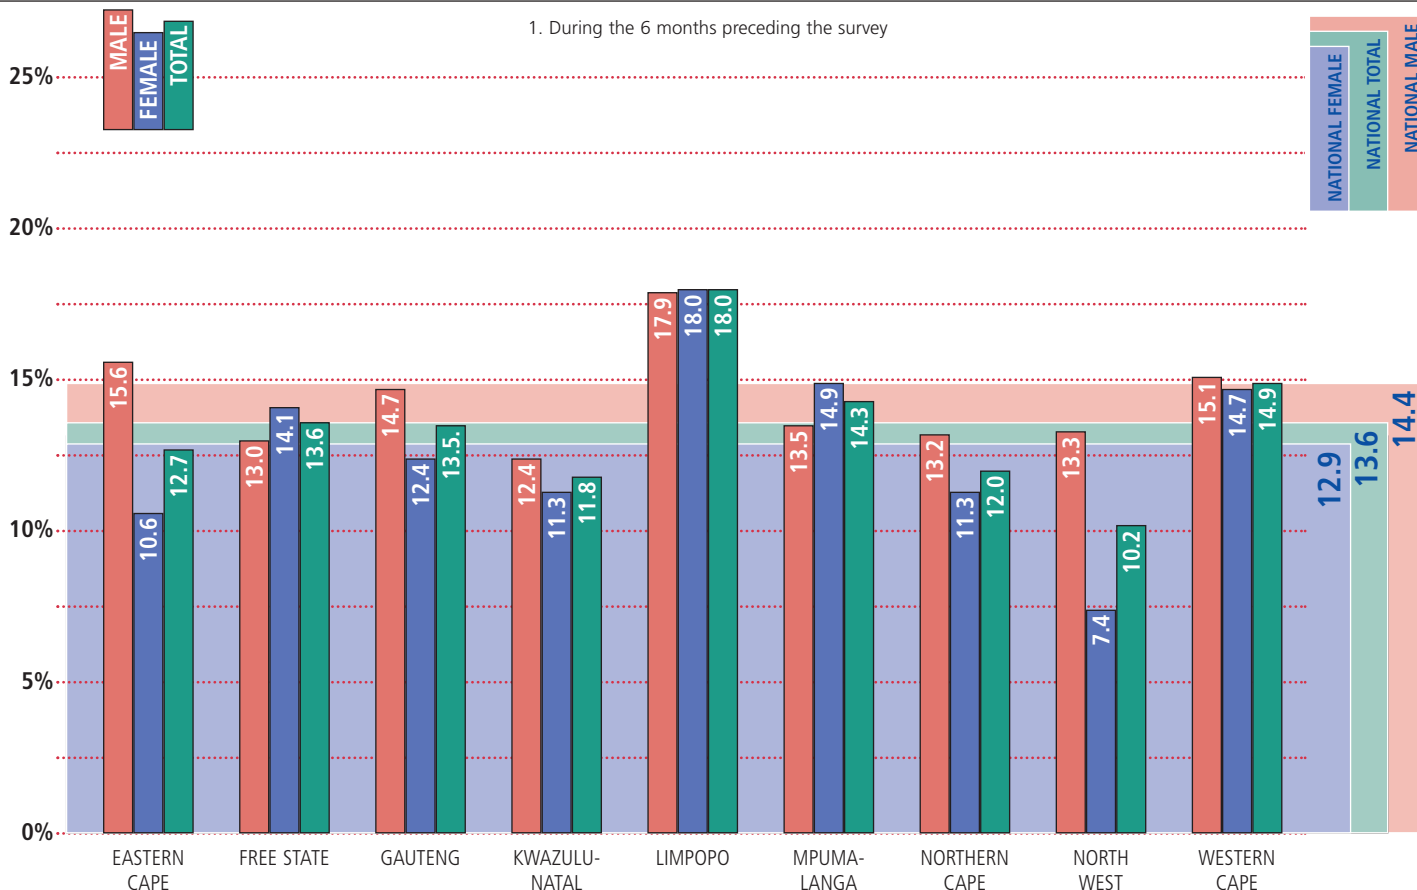

4. On one or more days in the month preceding the survey

5. During the 6 months preceding the survey

# Graph 2: Percentage of high school learners who were assaulted by a boyfriend/girlfriend by gender across the provinces

## WAS ASSAULTED BY BOYFRIEND/GIRLFRIEND<sup>1</sup>

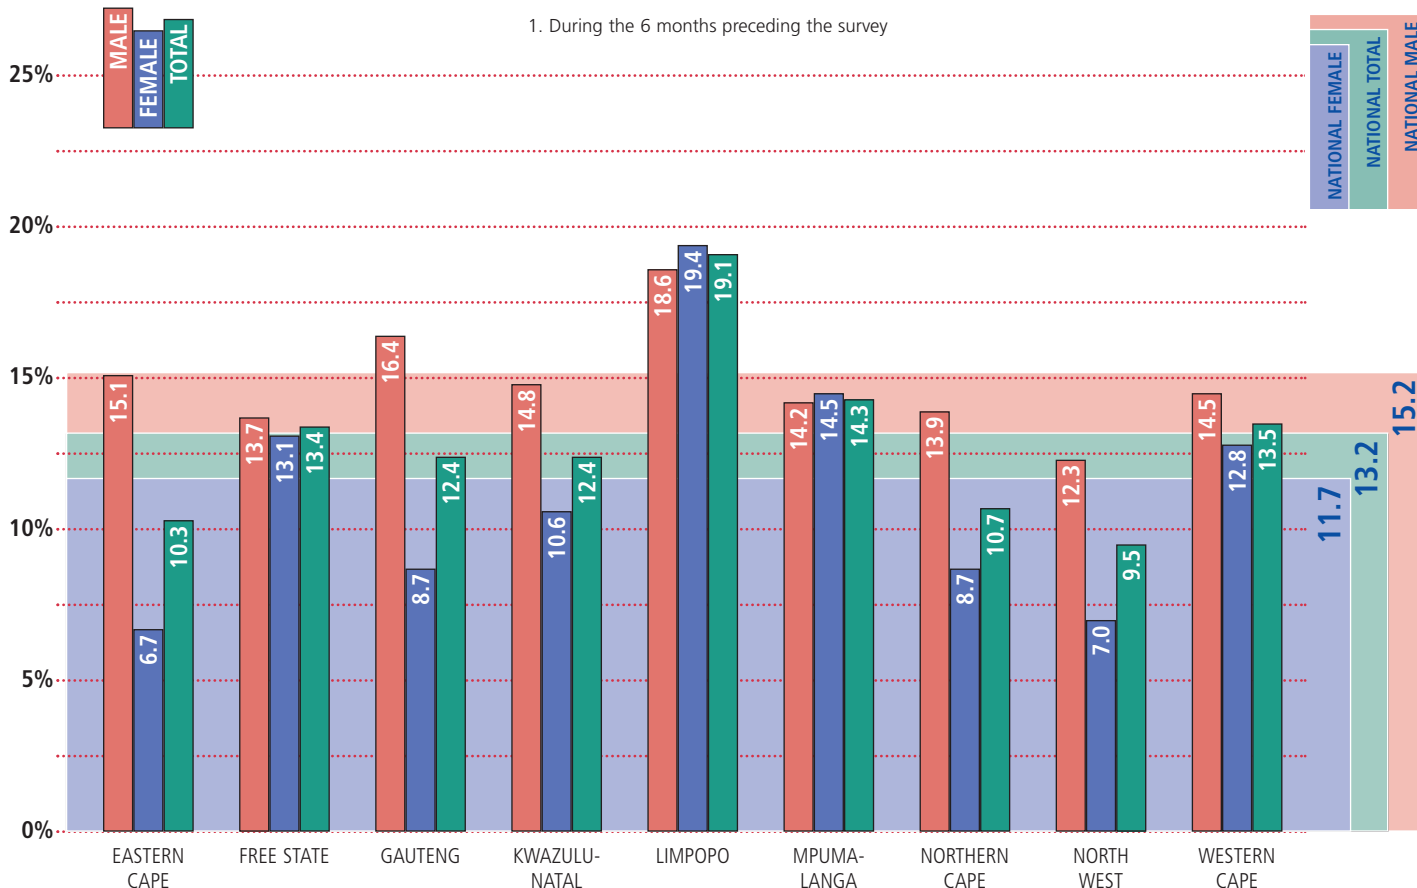

1. During the 6 months preceding the survey

# Graph 3: Percentage of high school learners who assaulted a boyfriend/girlfriend by gender across the provinces

## ASSAULTED BOYFRIEND/GIRLFRIEND<sup>1</sup>

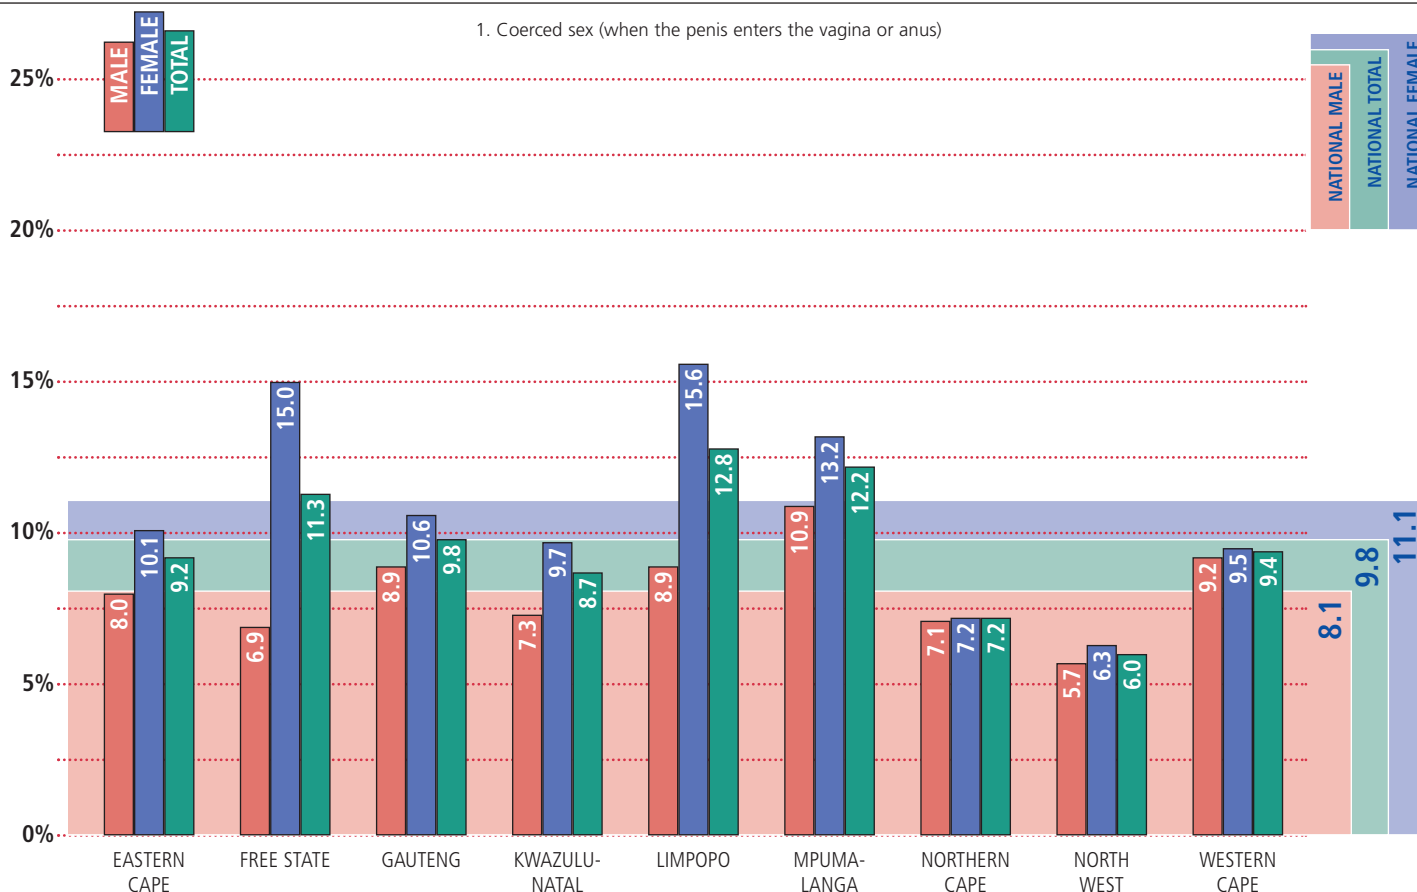

1. During the 6 months preceding the survey

# Graph 4: Percentage of high school learners who were ever forced to have sex by gender across the provinces

## WAS EVER FORCED TO HAVE SEX<sup>1</sup>

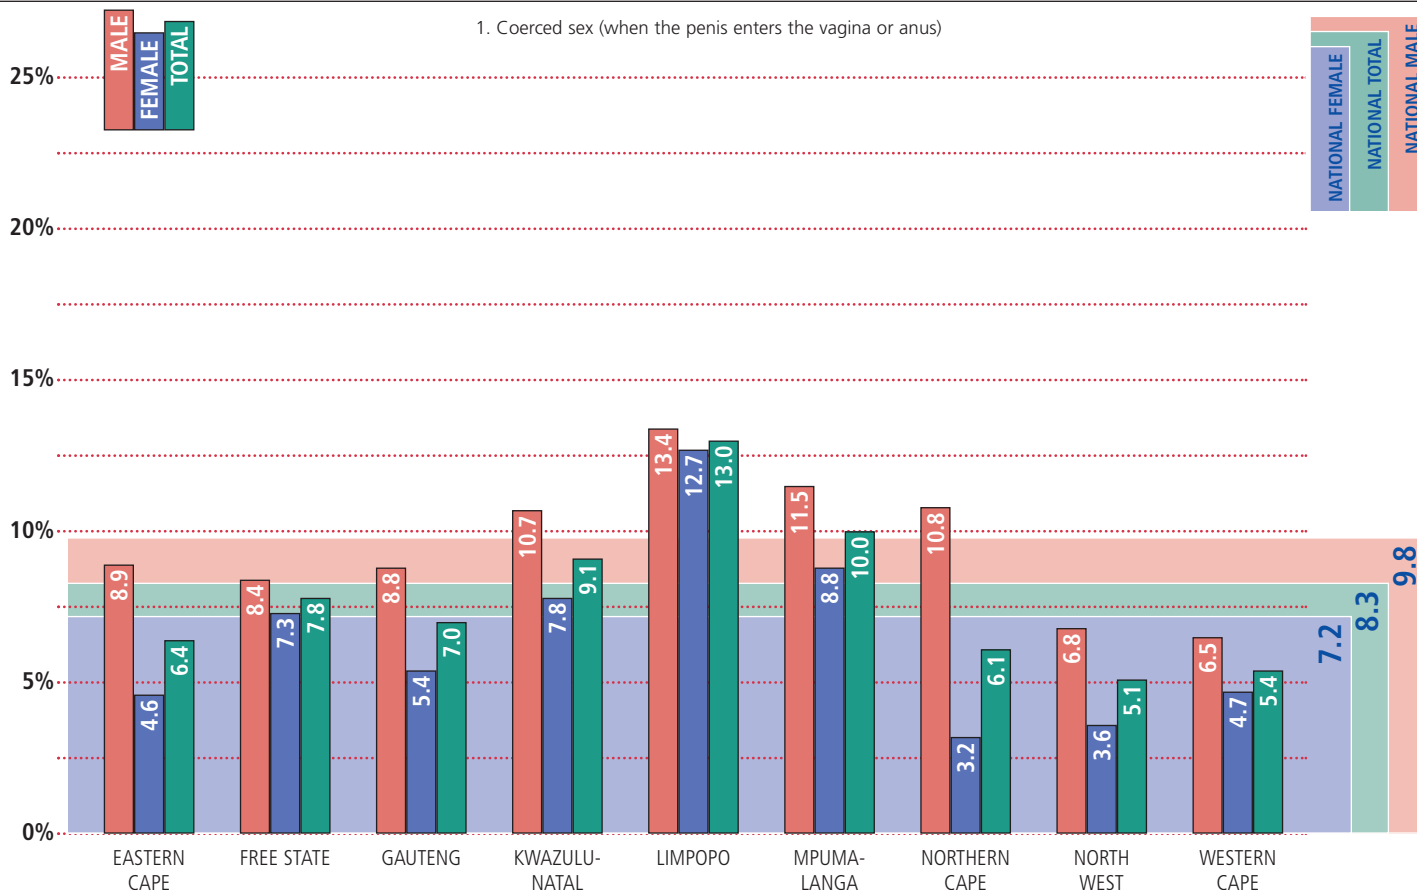

1. Coerced sex (when the penis enters the vagina or anus)

# Graph 5: Percentage of high school learners who ever forced someone else to have sex by gender across the provinces

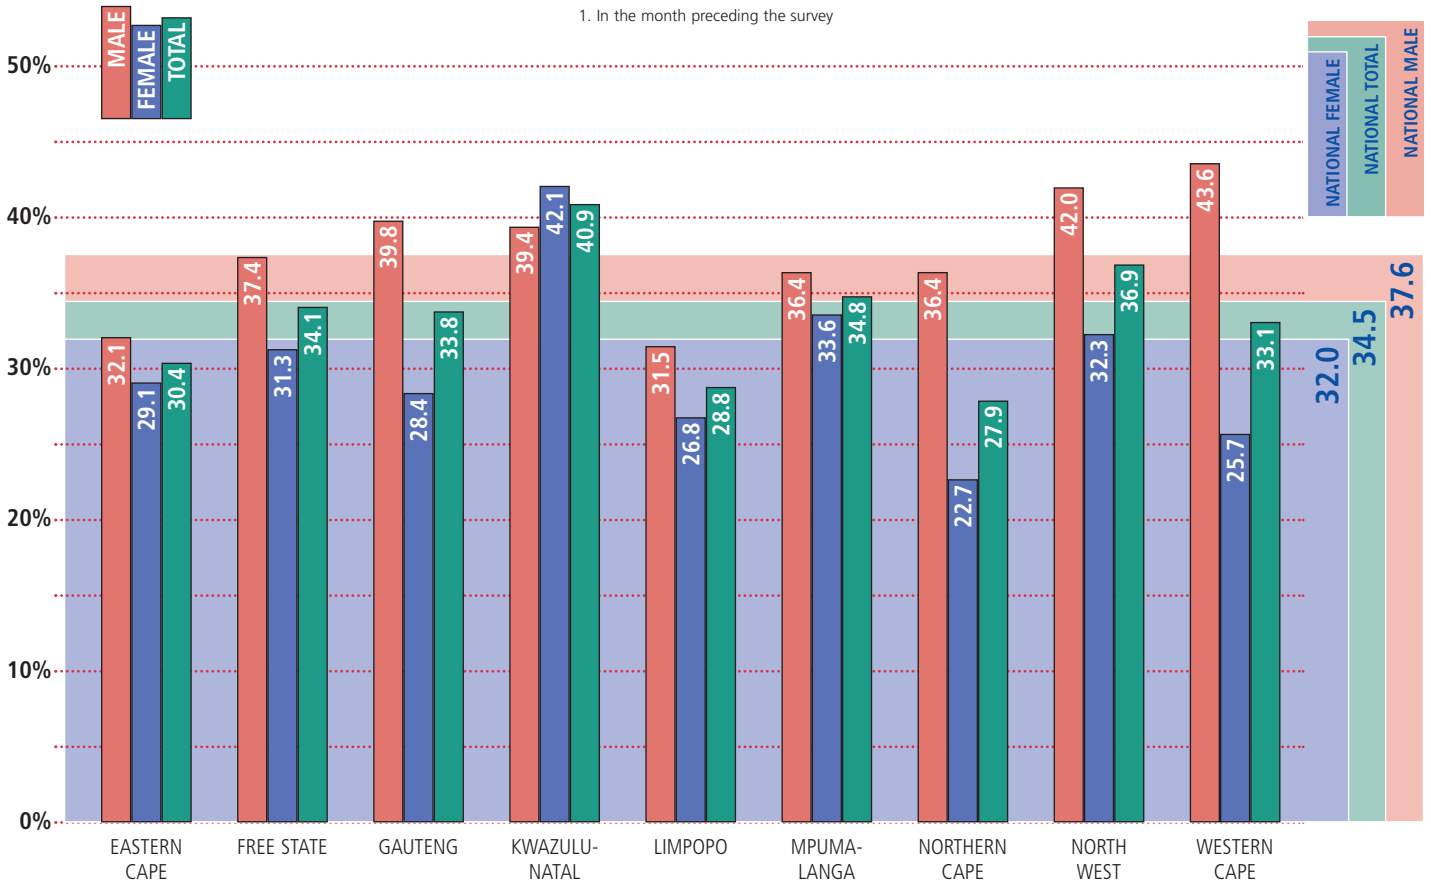

## EVER FORCED SOMEONE ELSE TO HAVE SEX<sup>1</sup>

1. Coerced sex (when the penis enters the vagina or anus)

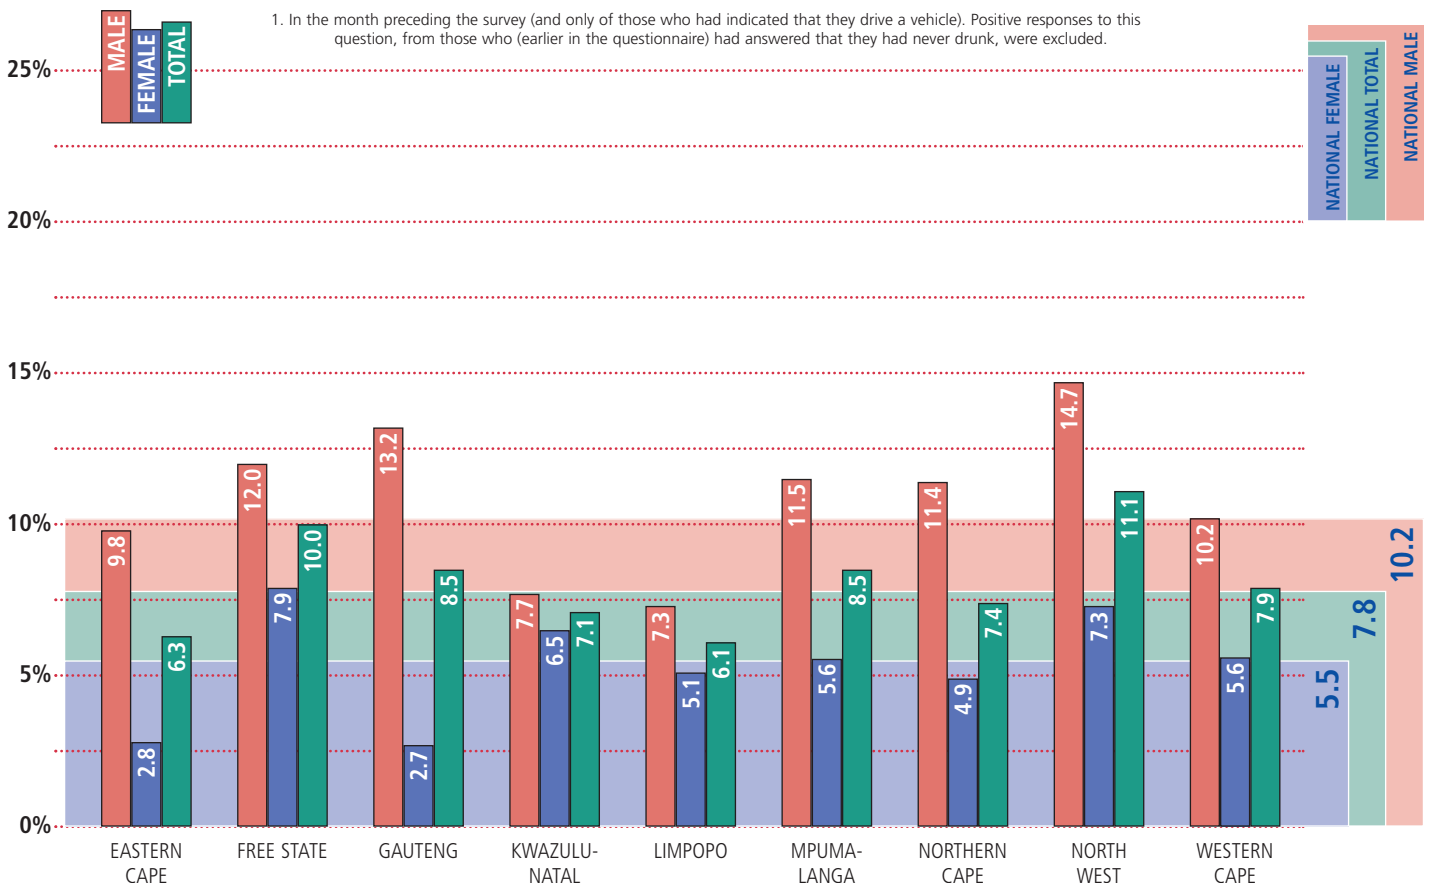

# Graph 6: Percentage of high school learners who were driven by someone who had been drinking alcohol by gender across the provinces

**DRIVEN BY SOMEONE WHO HAD BEEN DRINKING ALCOHOL<sup>1</sup>**

# Graph 7: Percentage of high school learners who drove after drinking alcohol by gender across the provinces

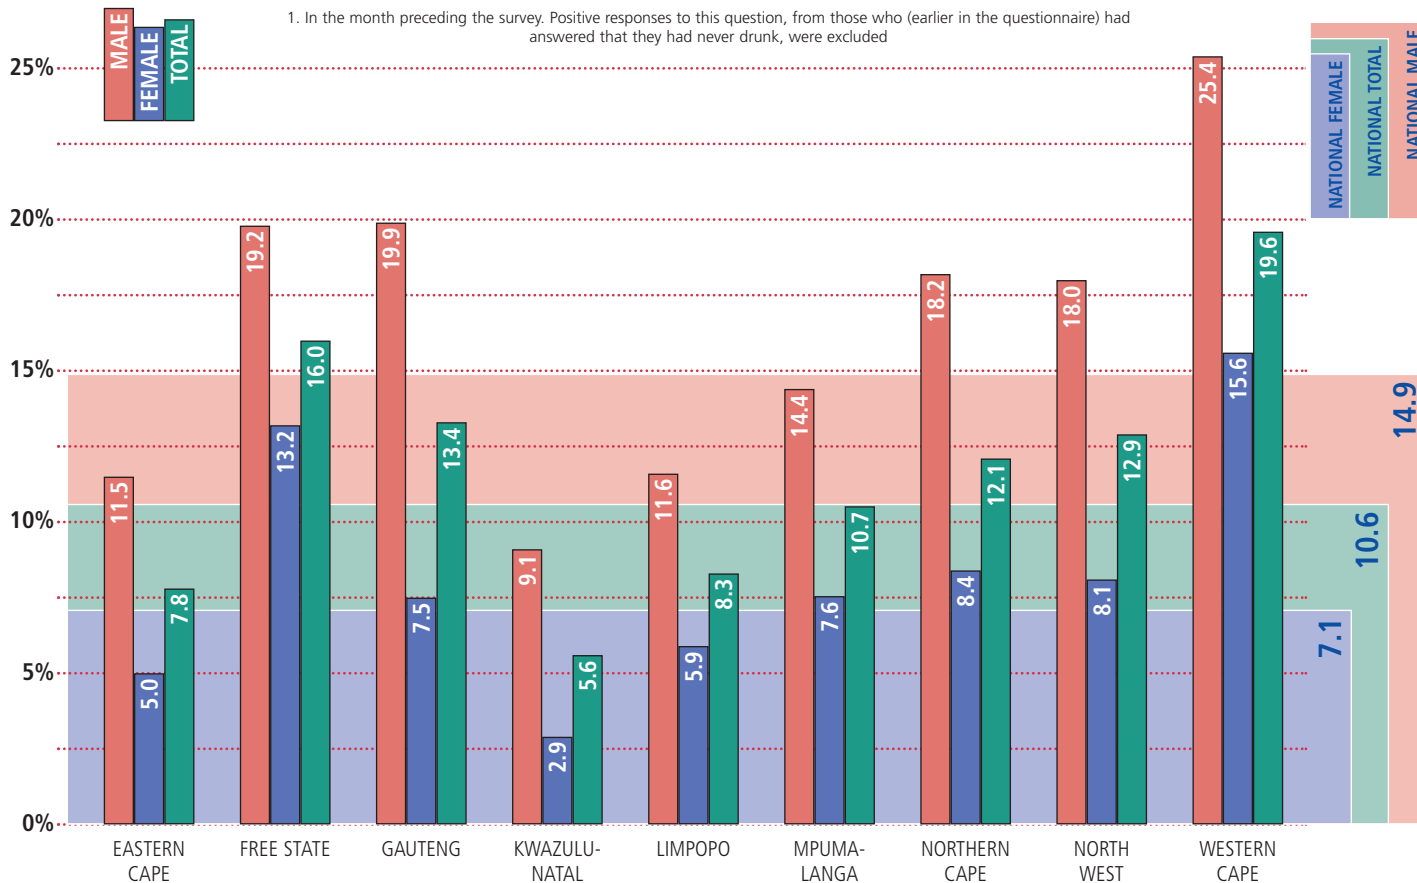

**DRIVE AFTER DRINKING ALCOHOL<sup>1</sup>**

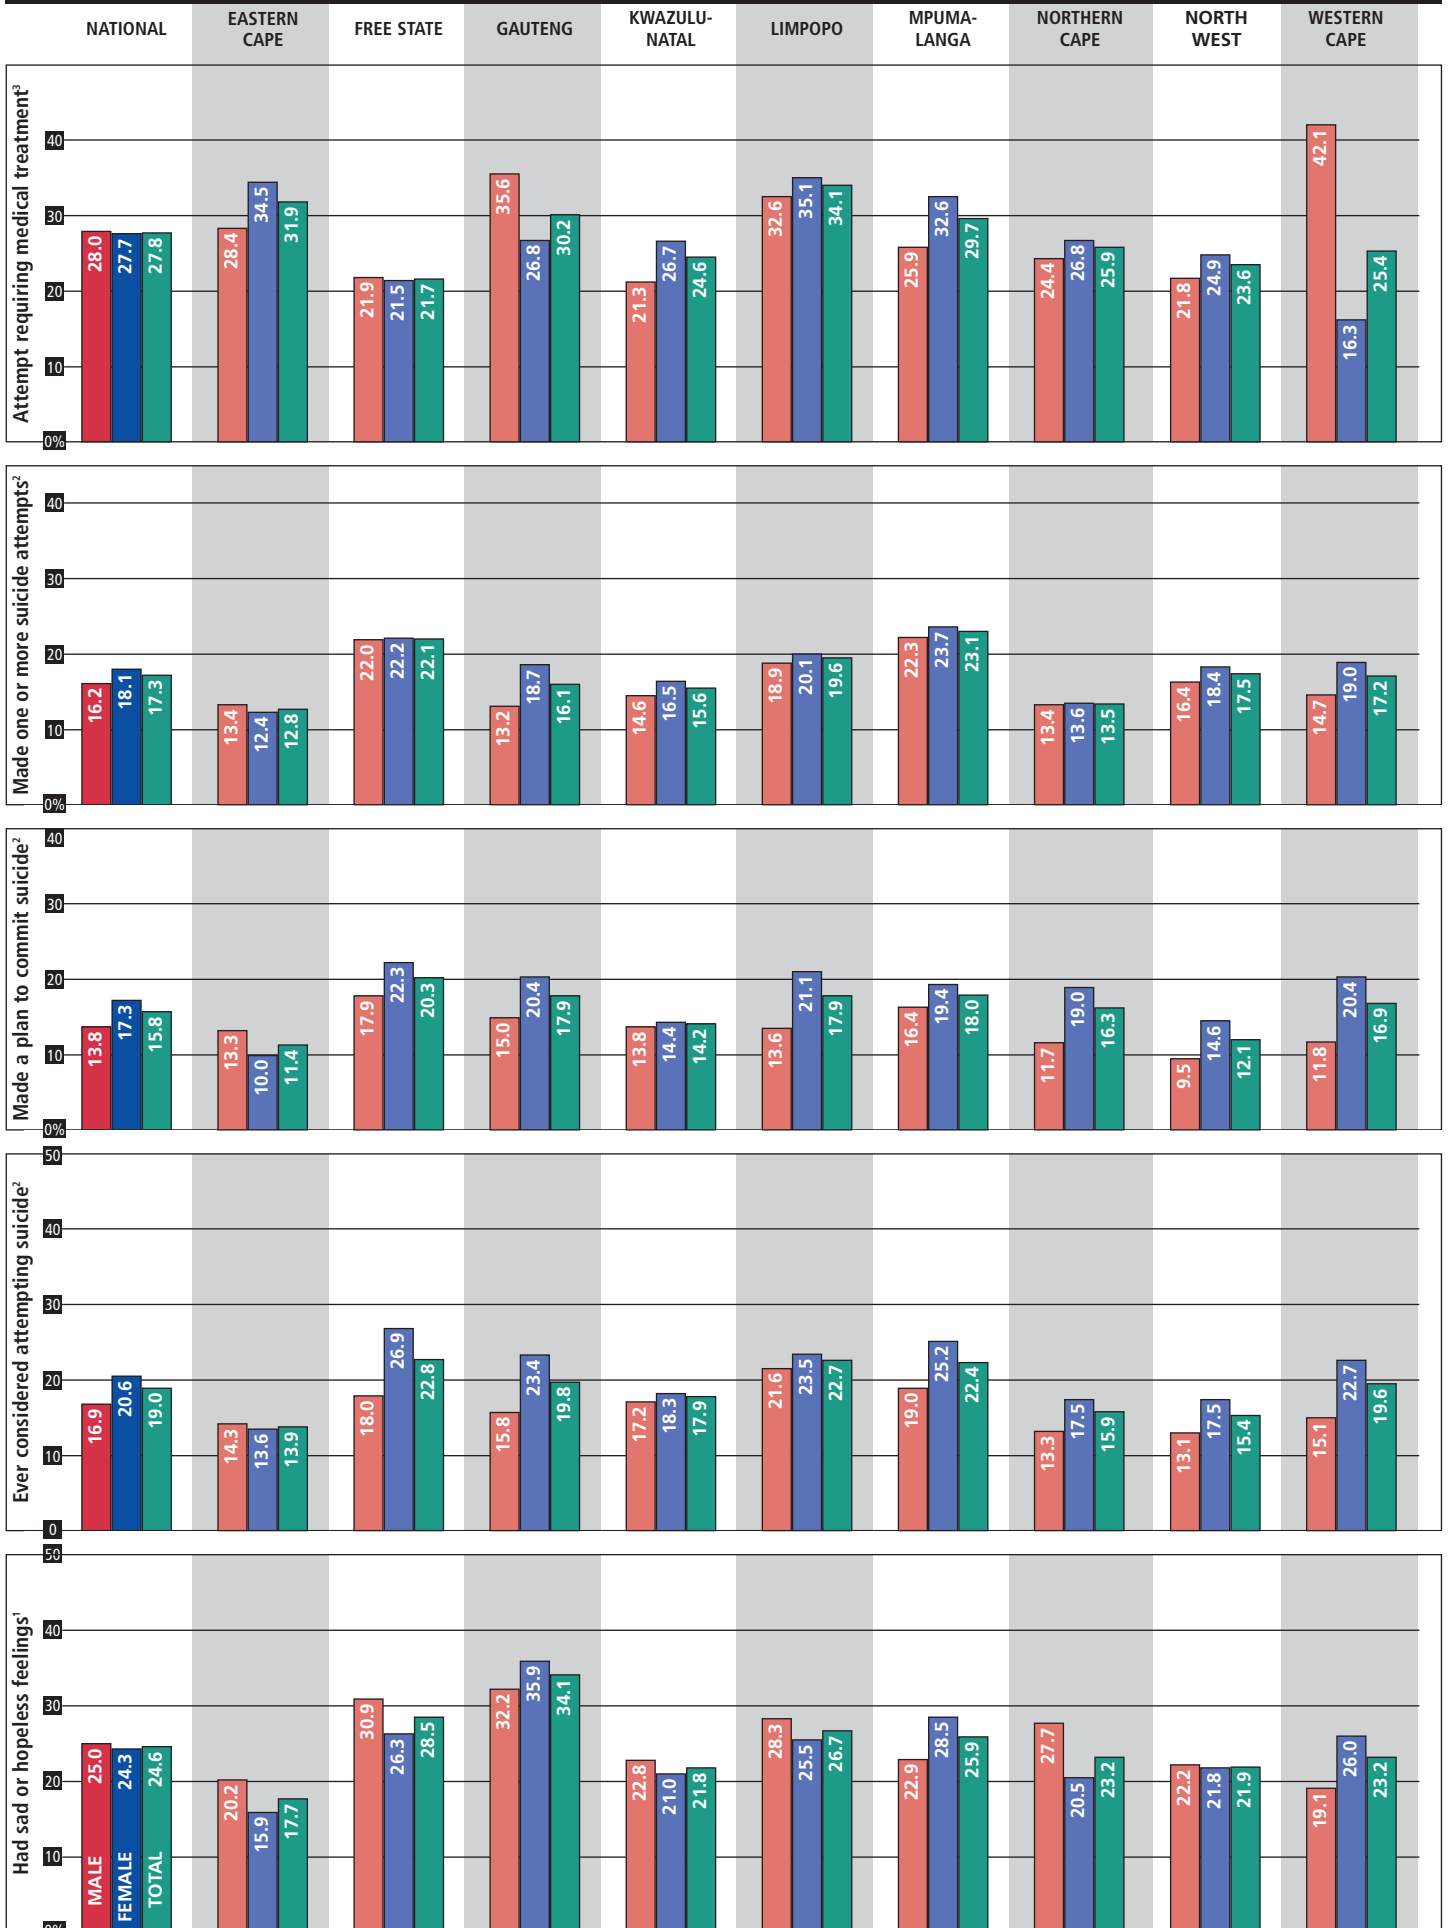

# Graph 8: Percentage of high school learners who walked alongside a road after drinking alcohol by gender across the provinces

## WALKED ALONGSIDE A ROAD AFTER DRINKING ALCOHOL<sup>1</sup>

1. In the month preceding the survey. Positive responses to this question, from those who (earlier in the questionnaire) had answered that they had never drunk, were excluded

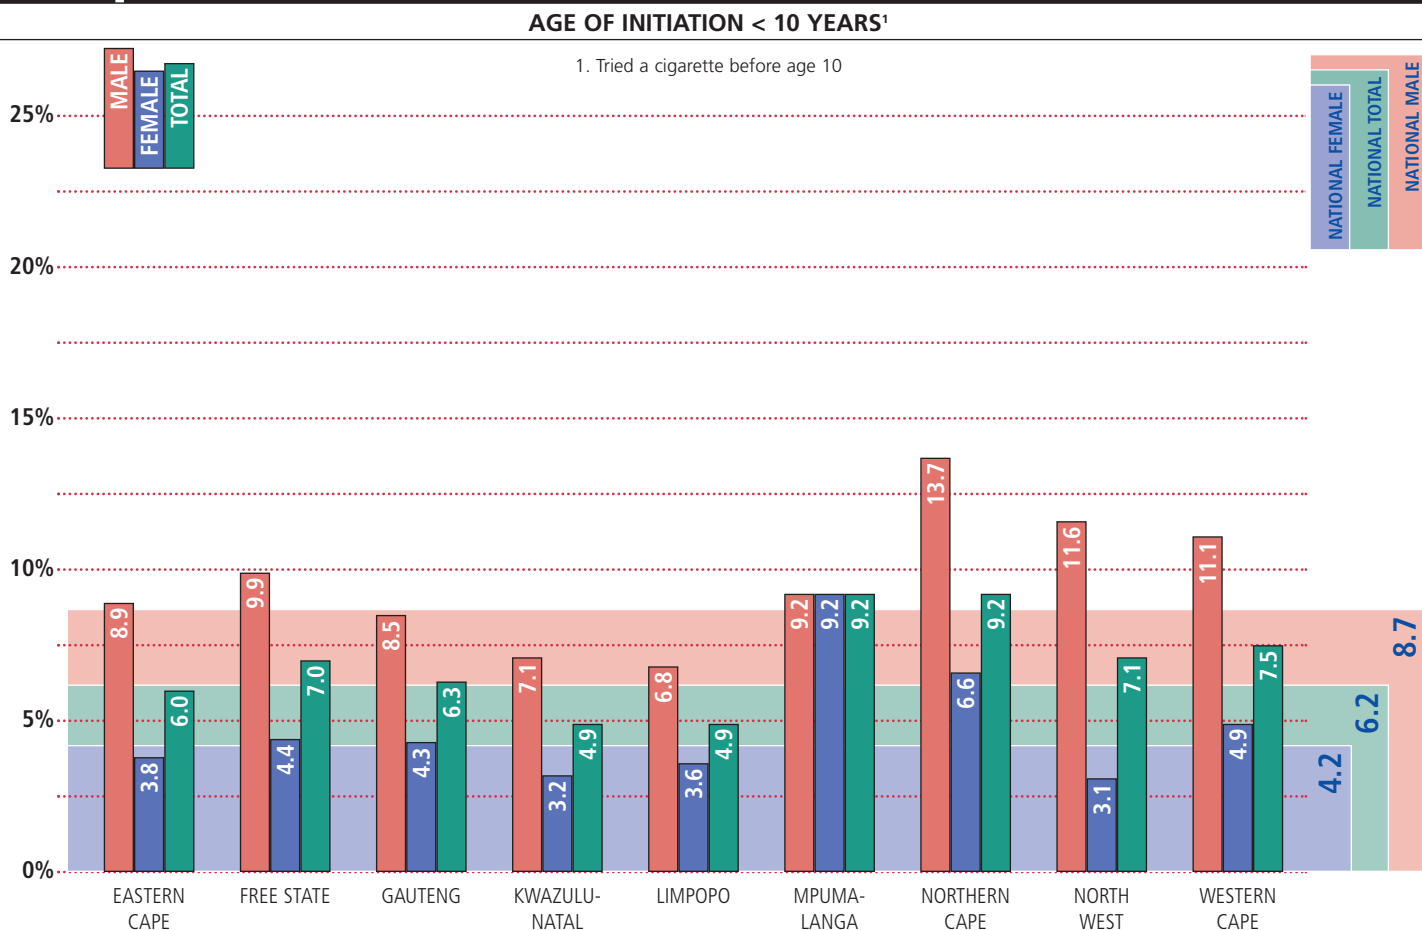

# GRAPH 9: Percentage of high school learners who reported suicide-related behaviours by gender across the provinces

1. That stopped them from doing some usual activities for two or more weeks in a row, during the 6 months preceding the survey  
 2. During the 6 months preceding the survey  
 3. Of those who made one or more suicide attempts during the six months preceding the survey

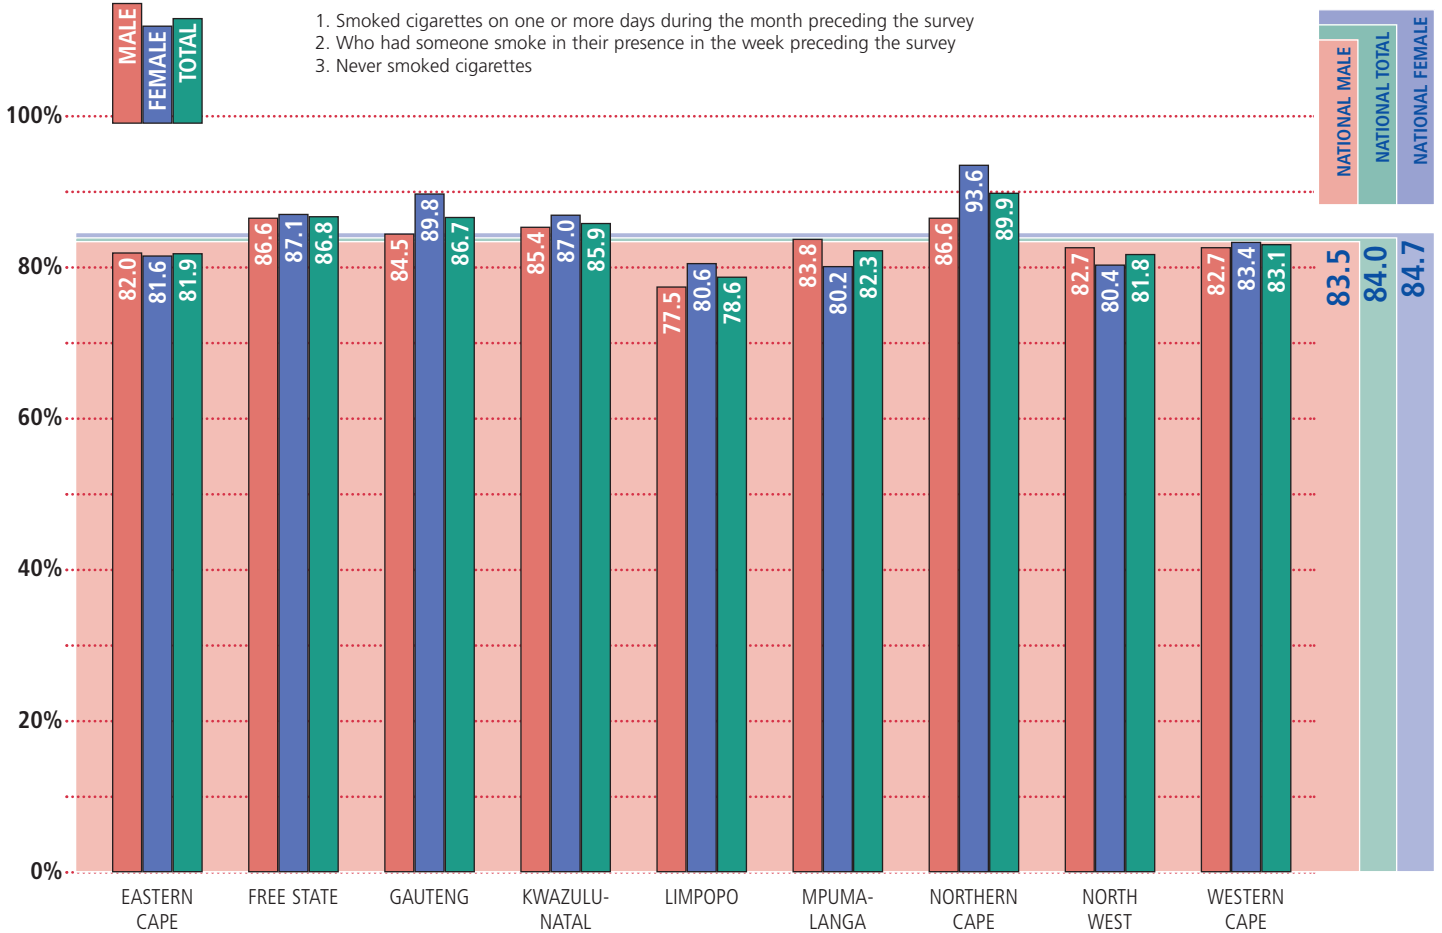

**Graph 10:** Percentage of high school learners who were younger than 10 years when they first tried smoking a cigarette by gender across the provinces

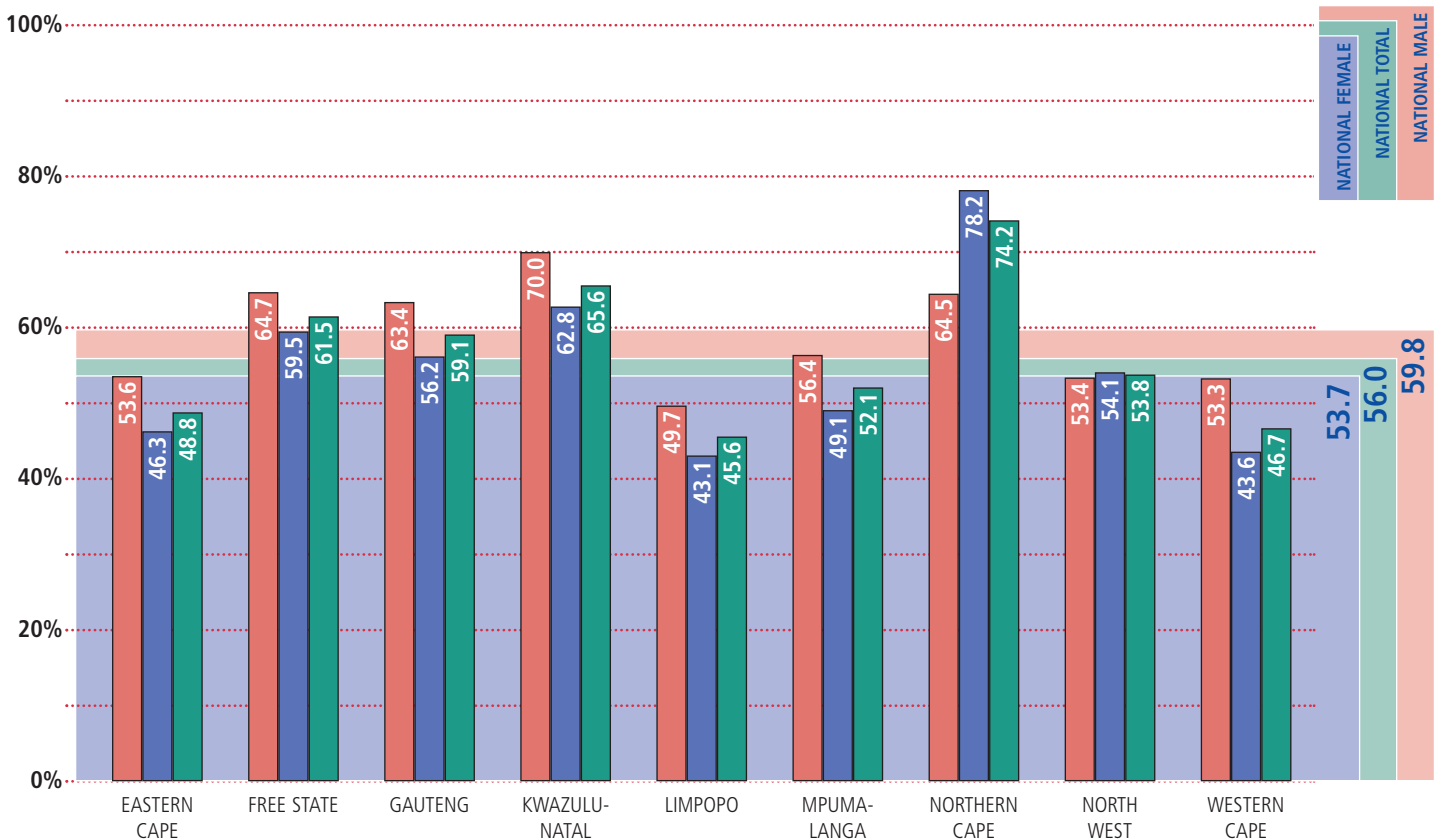

# Graph 11: Percentage of high school learners who were exposed to environmental tobacco smoke by gender and smoking status, across the provinces

## CURRENT SMOKERS<sup>1</sup> EXPOSED TO ENVIRONMENTAL TOBACCO SMOKE<sup>2</sup>

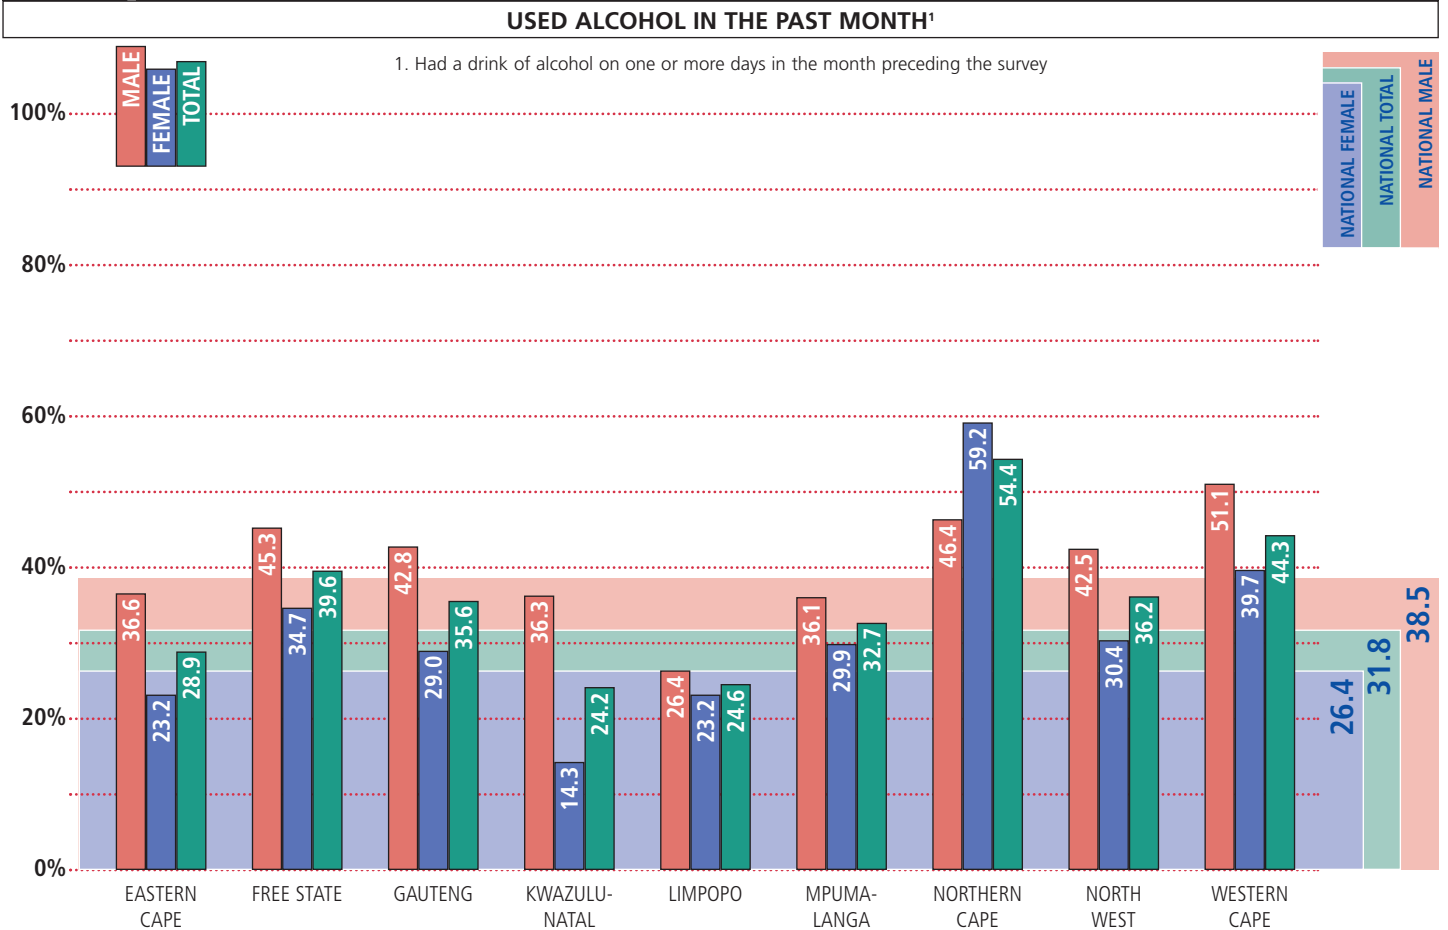

1. Smoked cigarettes on one or more days during the month preceding the survey
2. Who had someone smoke in their presence in the week preceding the survey
3. Never smoked cigarettes

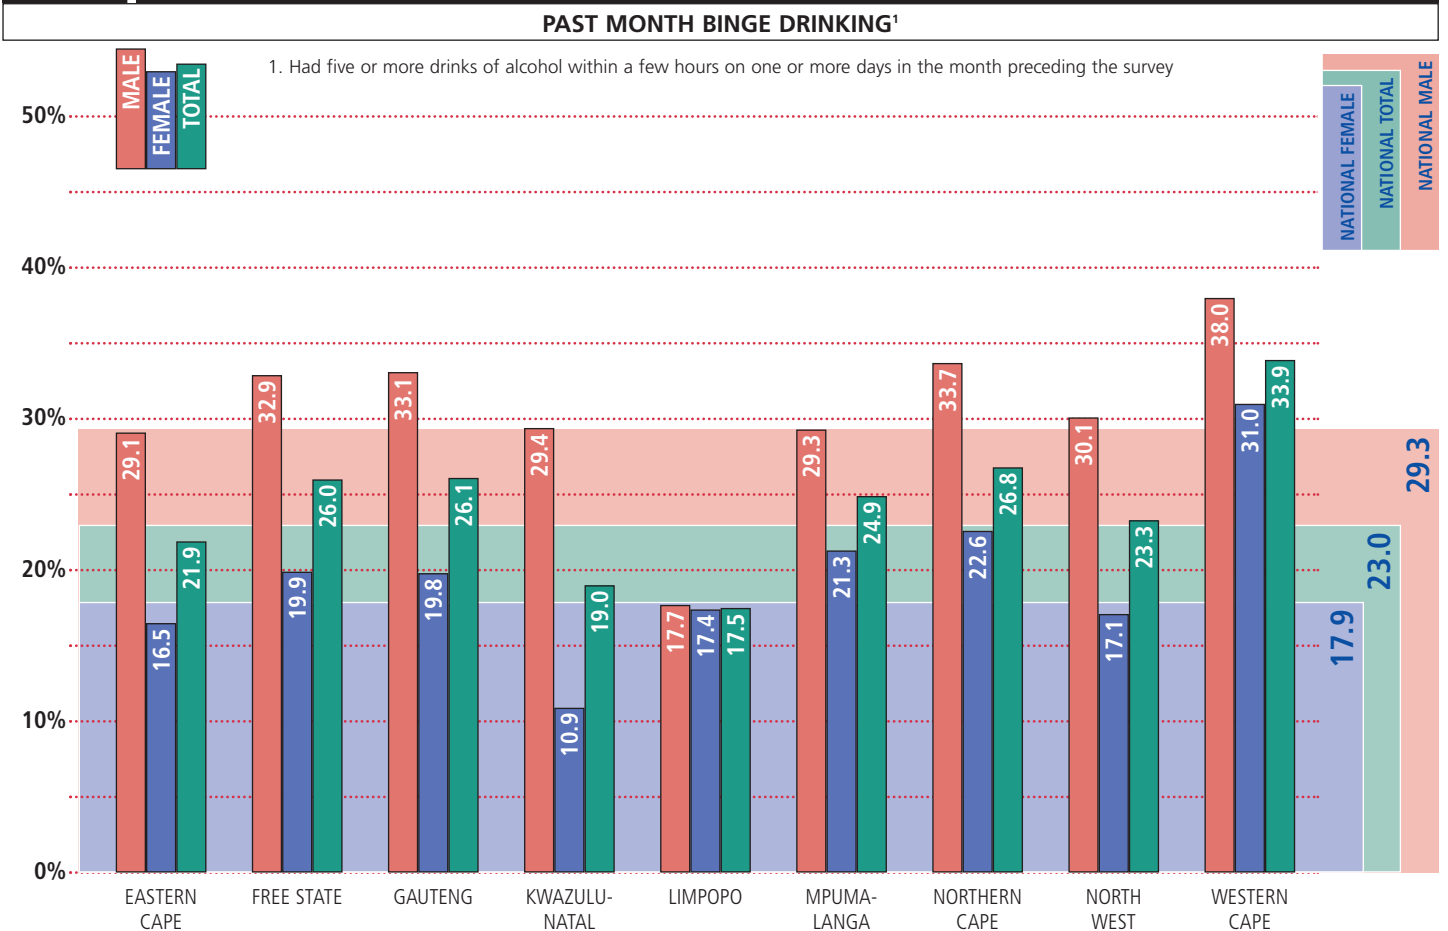

## NEVER SMOKERS<sup>3</sup> EXPOSED TO ENVIRONMENTAL TOBACCO SMOKE<sup>2</sup>

# Graph 12: Percentage of high school learners who drank alcohol in the past month by gender across the provinces

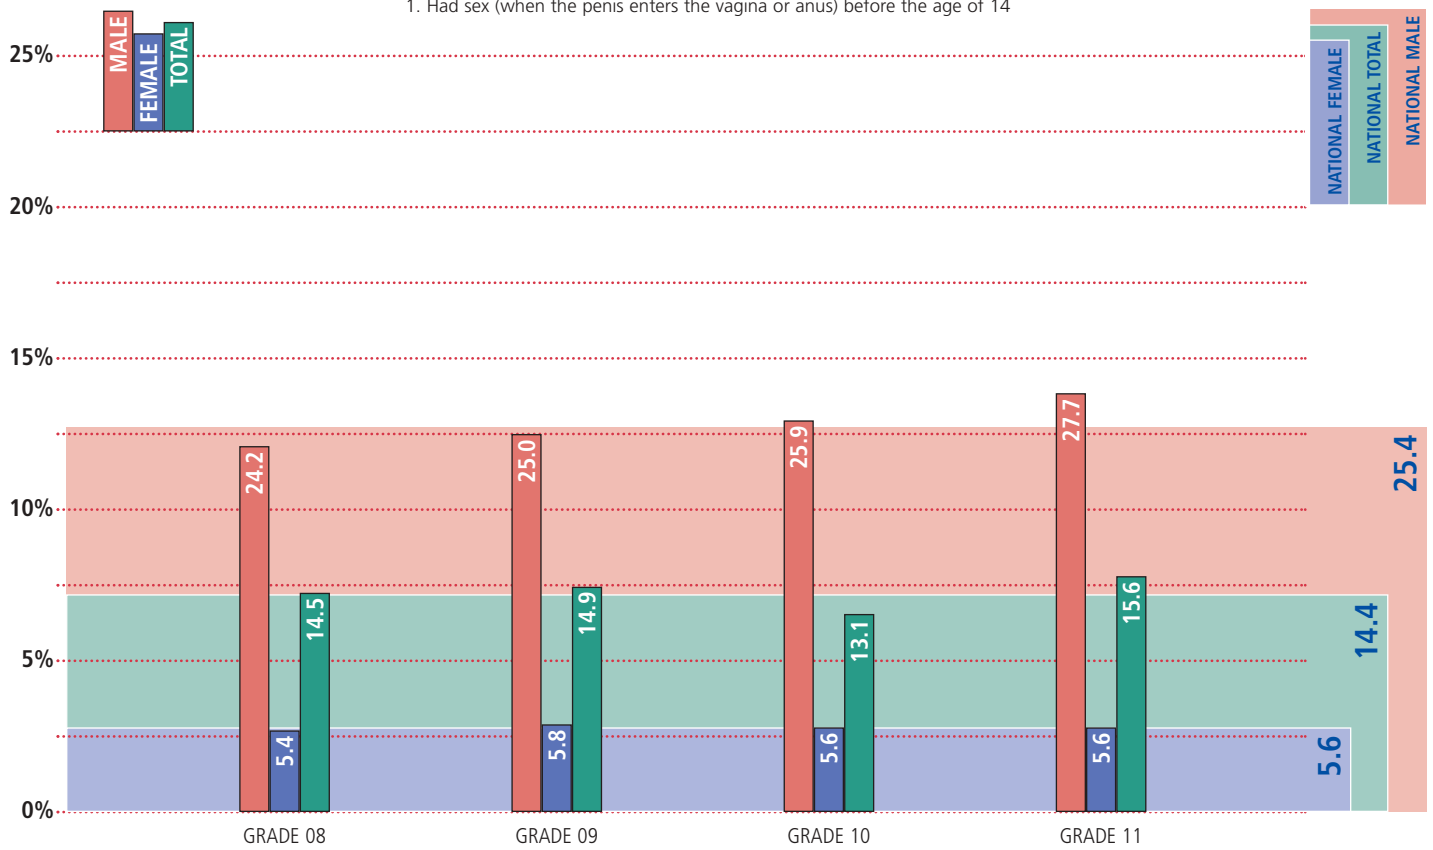

# Graph 13: Percentage of high school learners who engaged in binge drinking of alcohol in the past month by gender across the provinces

# Graph 14: Percentage of high school learners who were younger than 14 years when they first had sex by gender across grades

## AGE OF INITIATION < 14 YEARS<sup>1</sup>

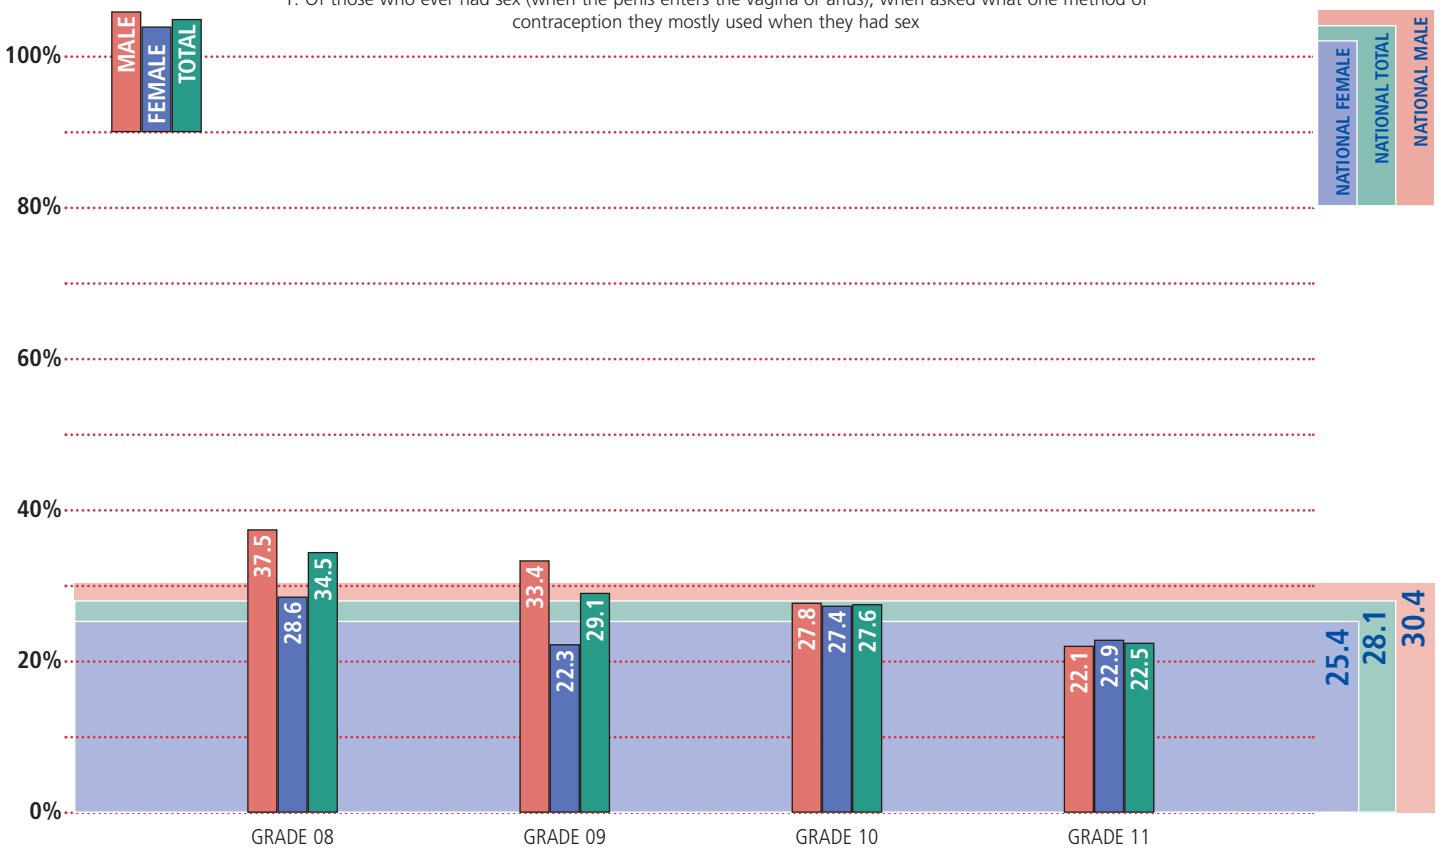

1. Had sex (when the penis enters the vagina or anus) before the age of 14

# Graph 15: Percentage of high school learners who have had sex who mostly use no method of contraception by gender across grades

## NO METHOD<sup>1</sup> OF CONTRACEPTION

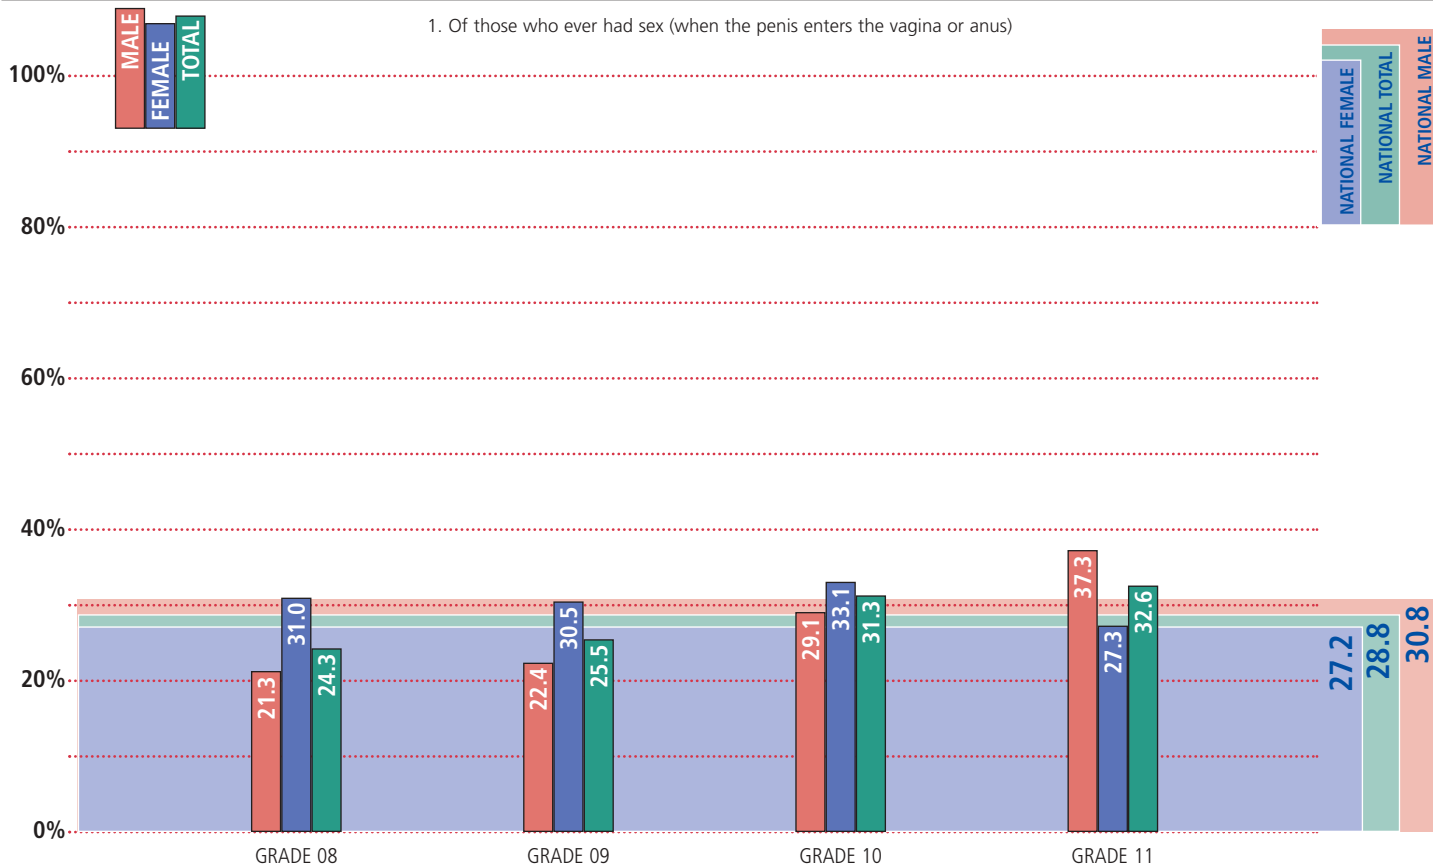

1. Of those who ever had sex (when the penis enters the vagina or anus), when asked what one method of contraception they mostly used when they had sex

# Graph 16: Percentage of high school learners who have had sex who always use a condom by gender across grades

## ALWAYS USE A CONDOM DURING SEX<sup>1</sup>

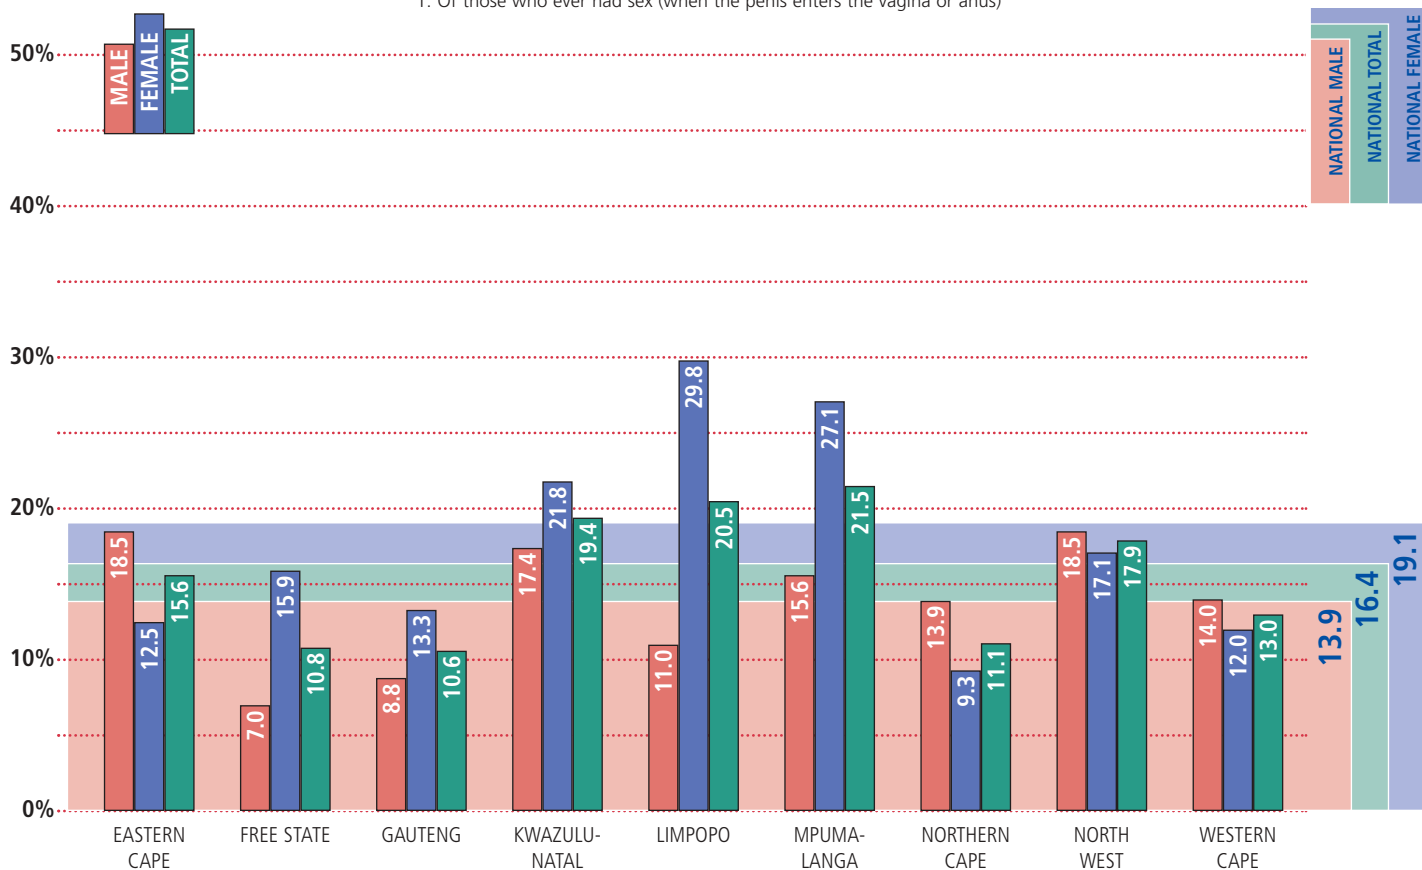

1. Of those who ever had sex (when the penis enters the vagina or anus)

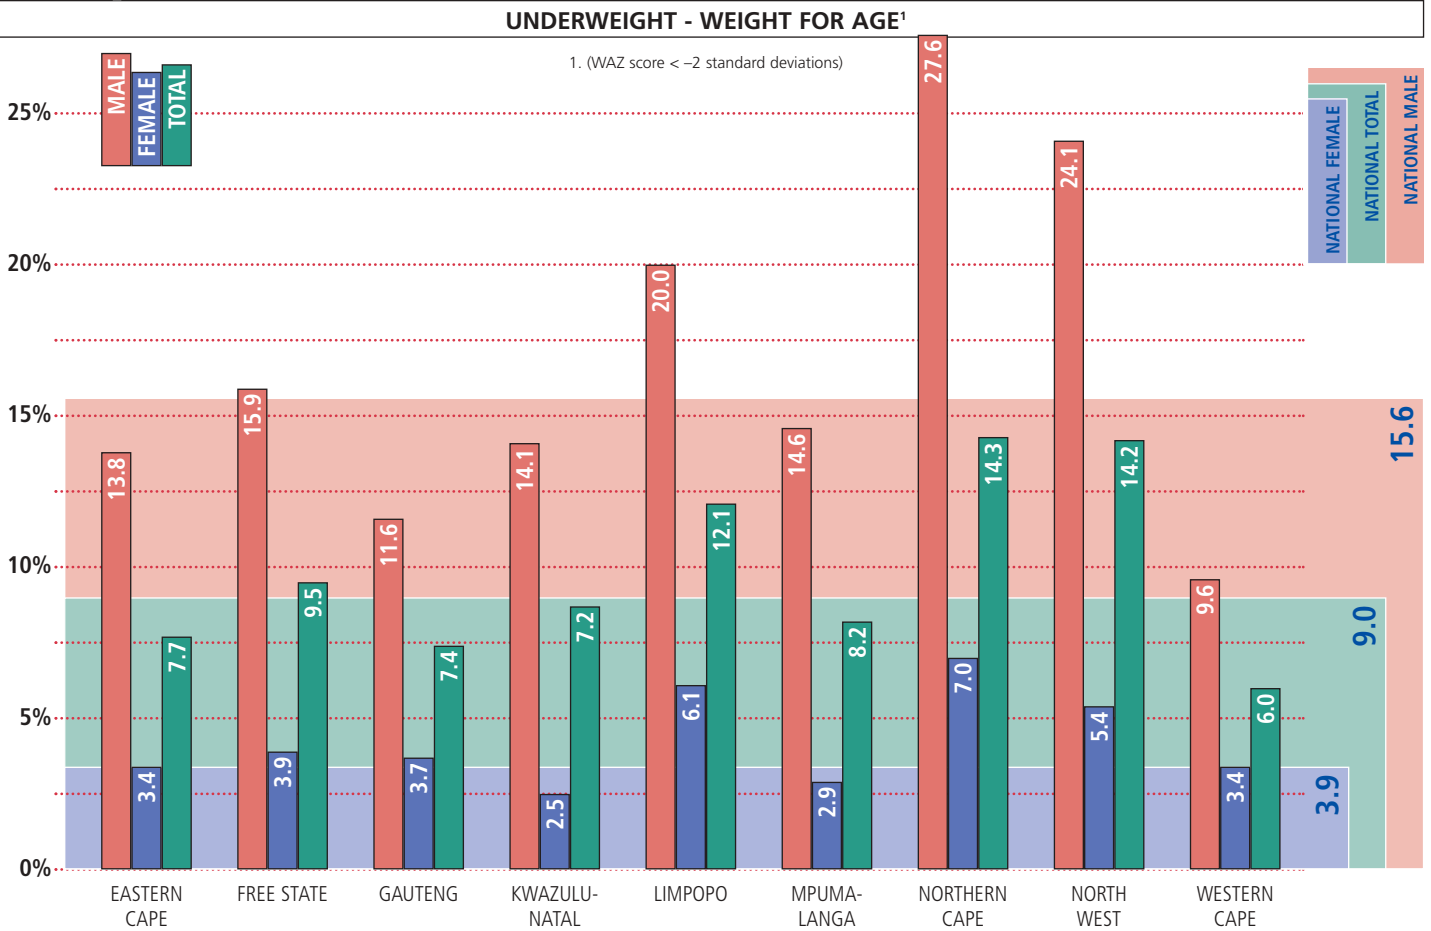

# Graph 17: Percentage of high school learners who have had sex who have been pregnant or made someone pregnant by gender across the provinces

## HAVE BEEN PREGNANT OR MADE SOMEONE PREGNANT<sup>1</sup>

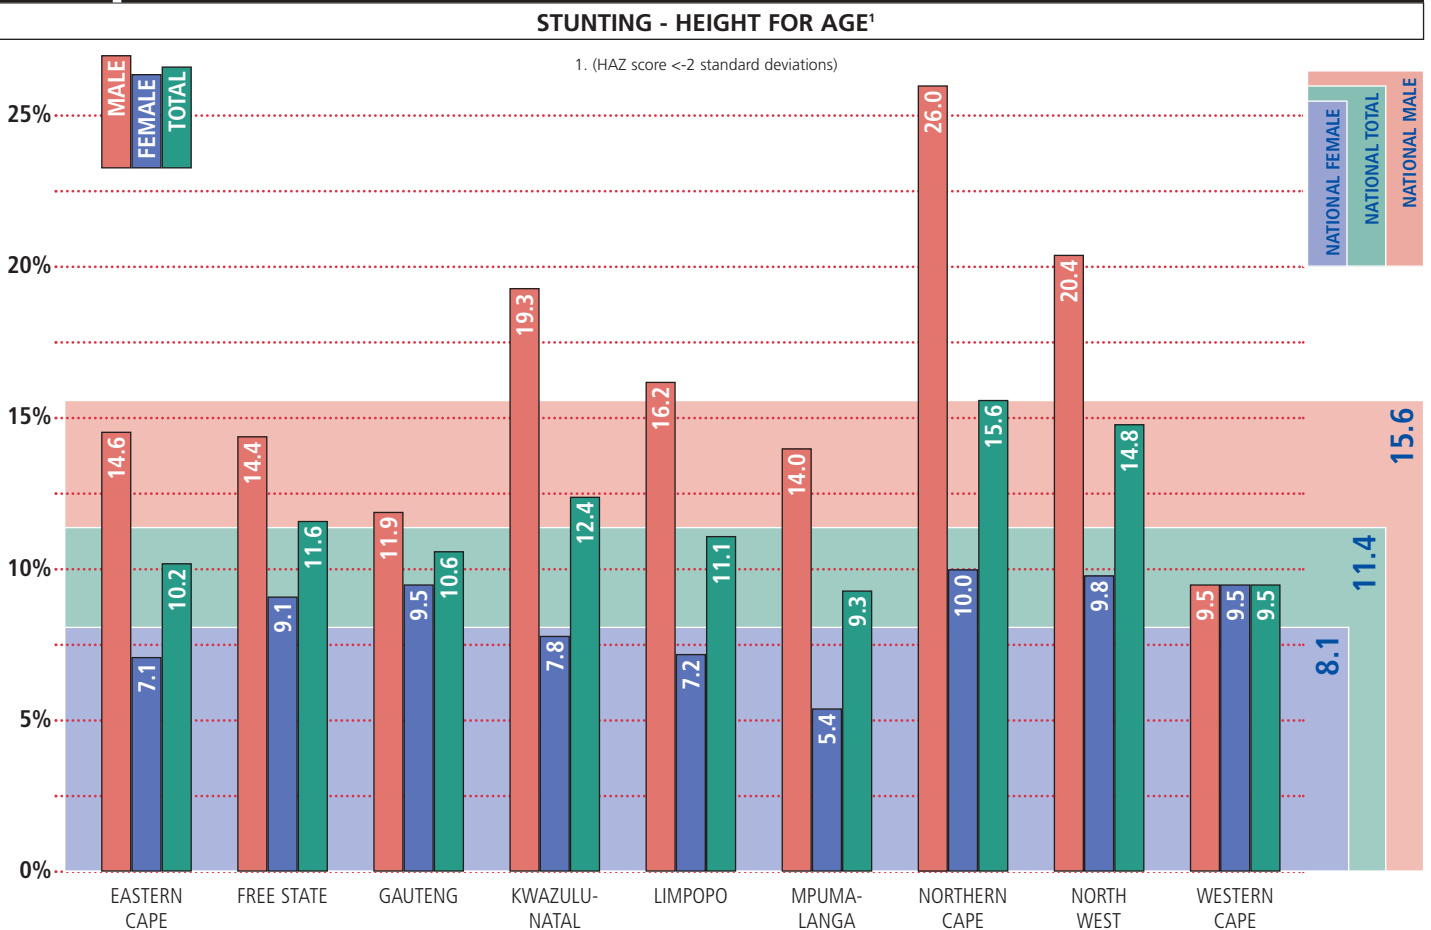

1. Of those who ever had sex (when the penis enters the vagina or anus)

**Graph 18:** Percentage of high school learners who were underweight (low weight for age) by gender across the provinces

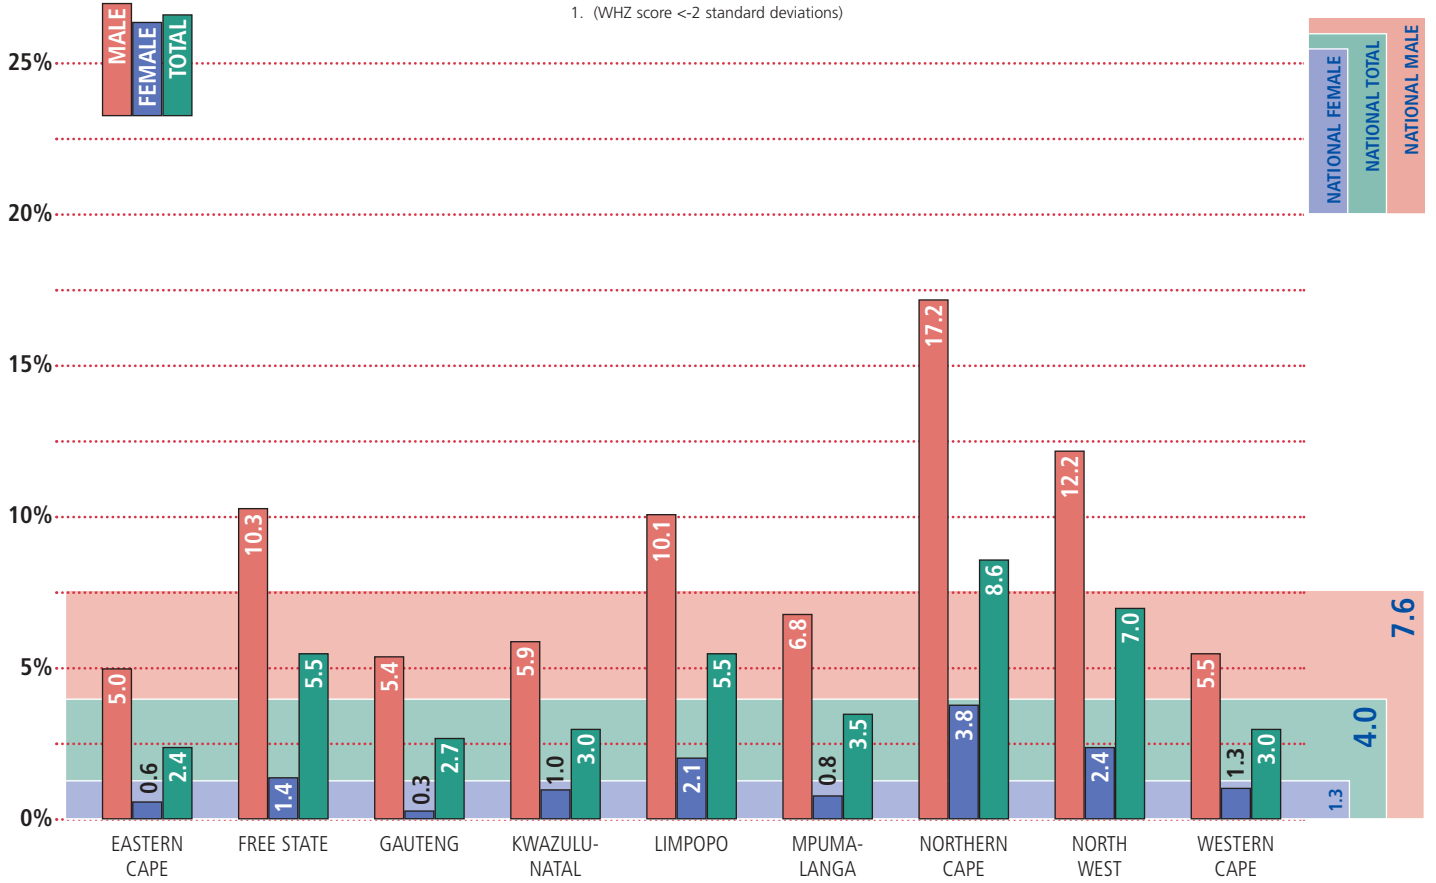

**Graph 19:** Percentage of high school learners who were stunted (low height for age) by gender across the provinces

# Graph 20: Percentage of high school learners who were wasted (low weight for height) by gender across the provinces

## WASTING - WEIGHT FOR HEIGHT<sup>1</sup>

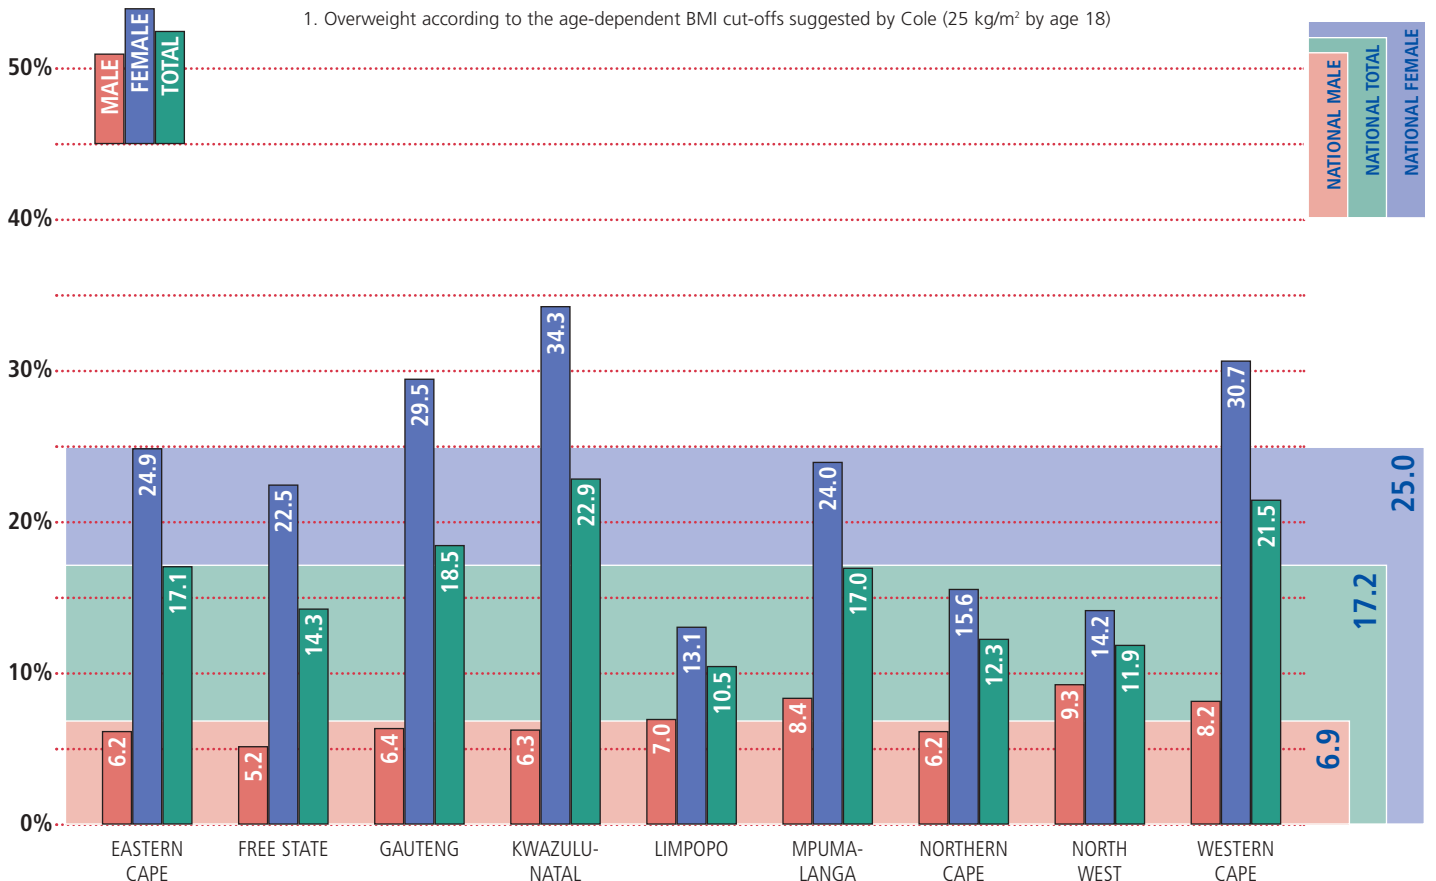

1. (WHZ score <-2 standard deviations)

# Graph 21: Percentage of high school learners who were overweight by gender across the provinces

## OVERWEIGHT (COLE)<sup>1</sup>

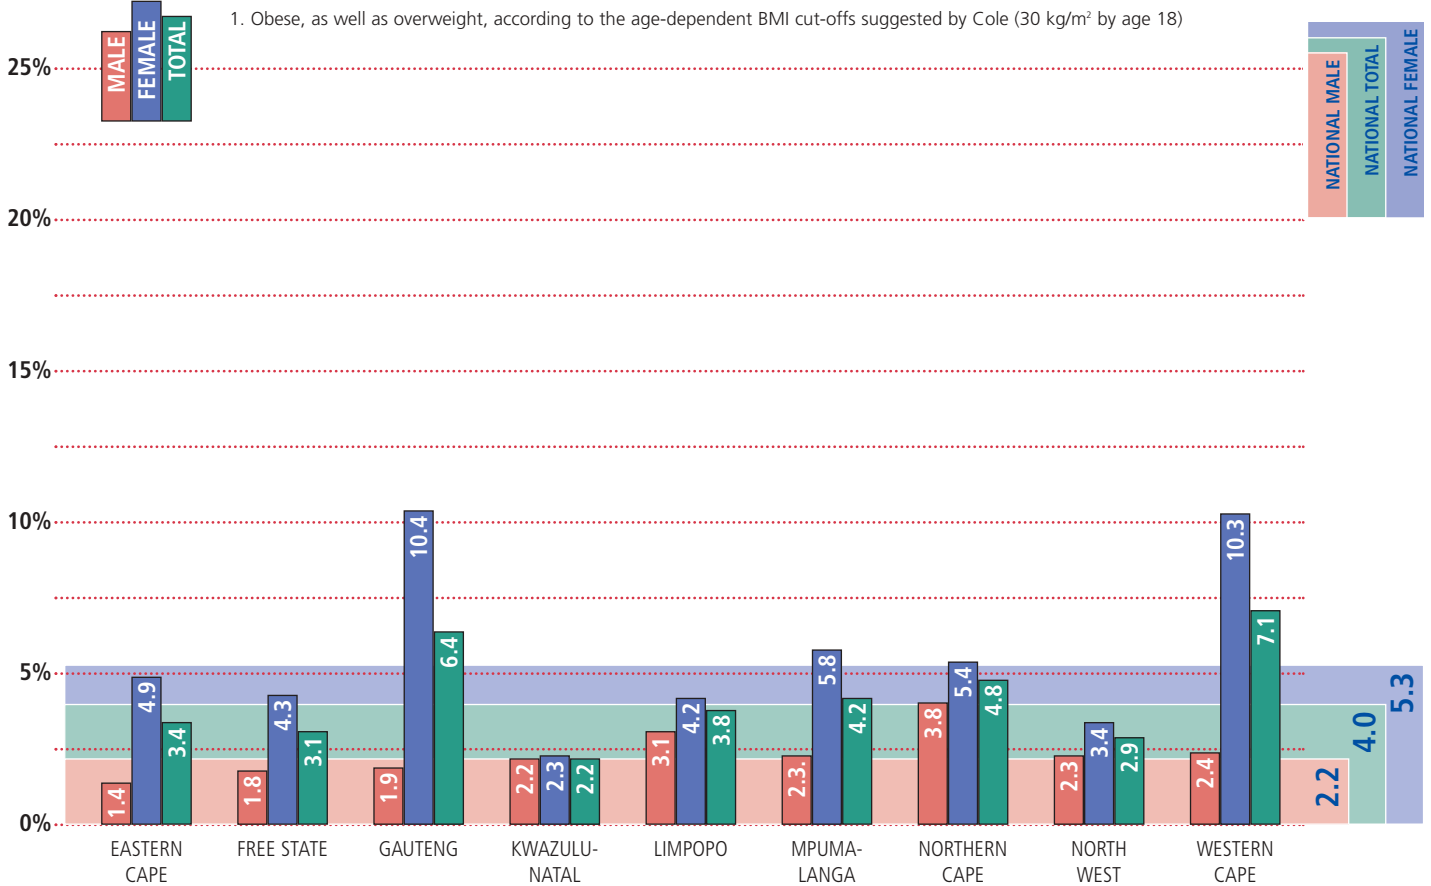

1. Overweight according to the age-dependent BMI cut-offs suggested by Cole (25 kg/m<sup>2</sup> by age 18)

# Graph 22: Percentage of high school learners who were obese by gender across the provinces

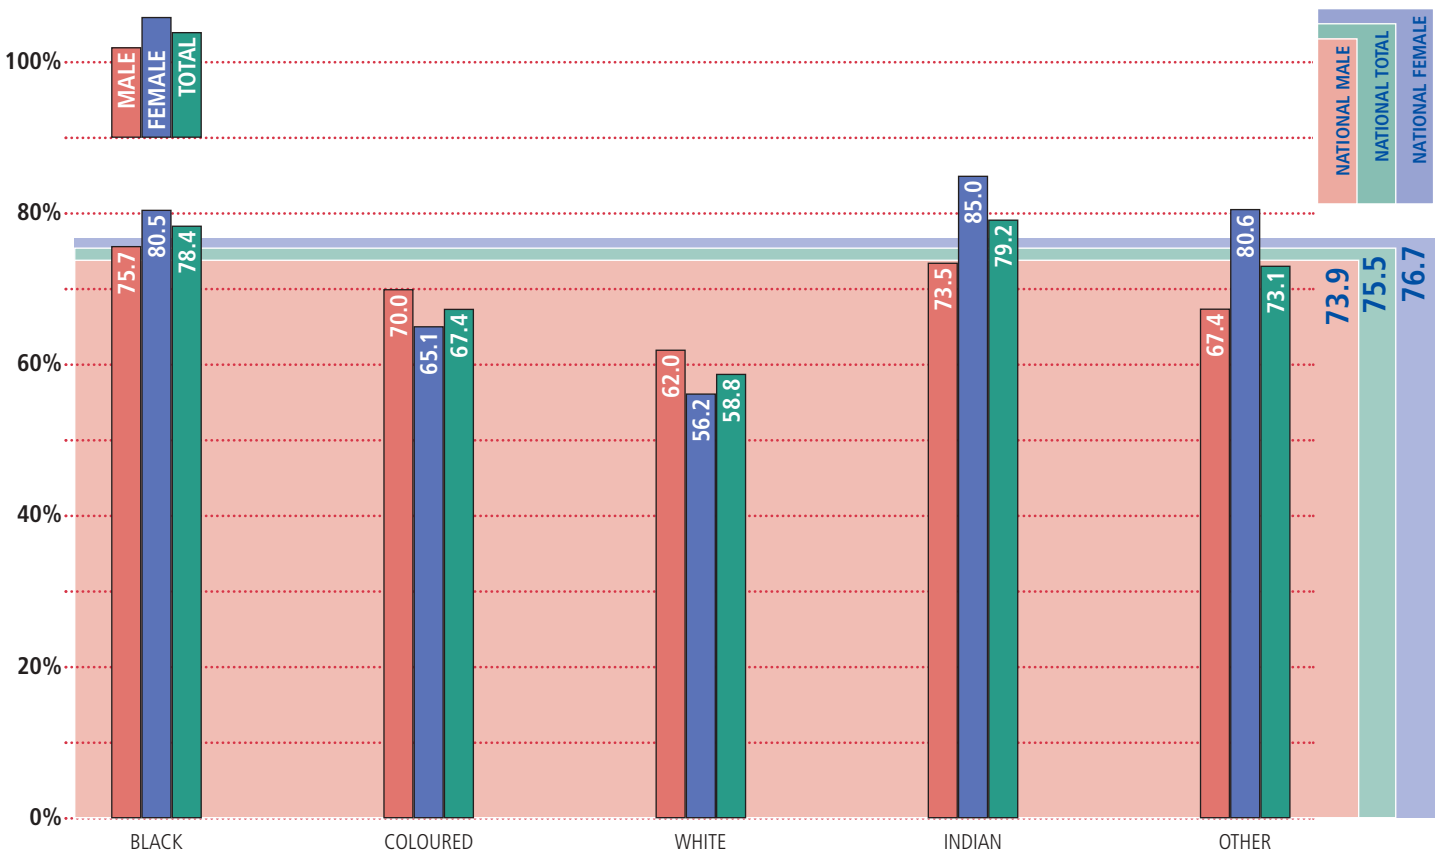

## OBEISITY (COLE)<sup>1</sup>

1. Obese, as well as overweight, according to the age-dependent BMI cut-offs suggested by Cole (30 kg/m<sup>2</sup> by age 18)

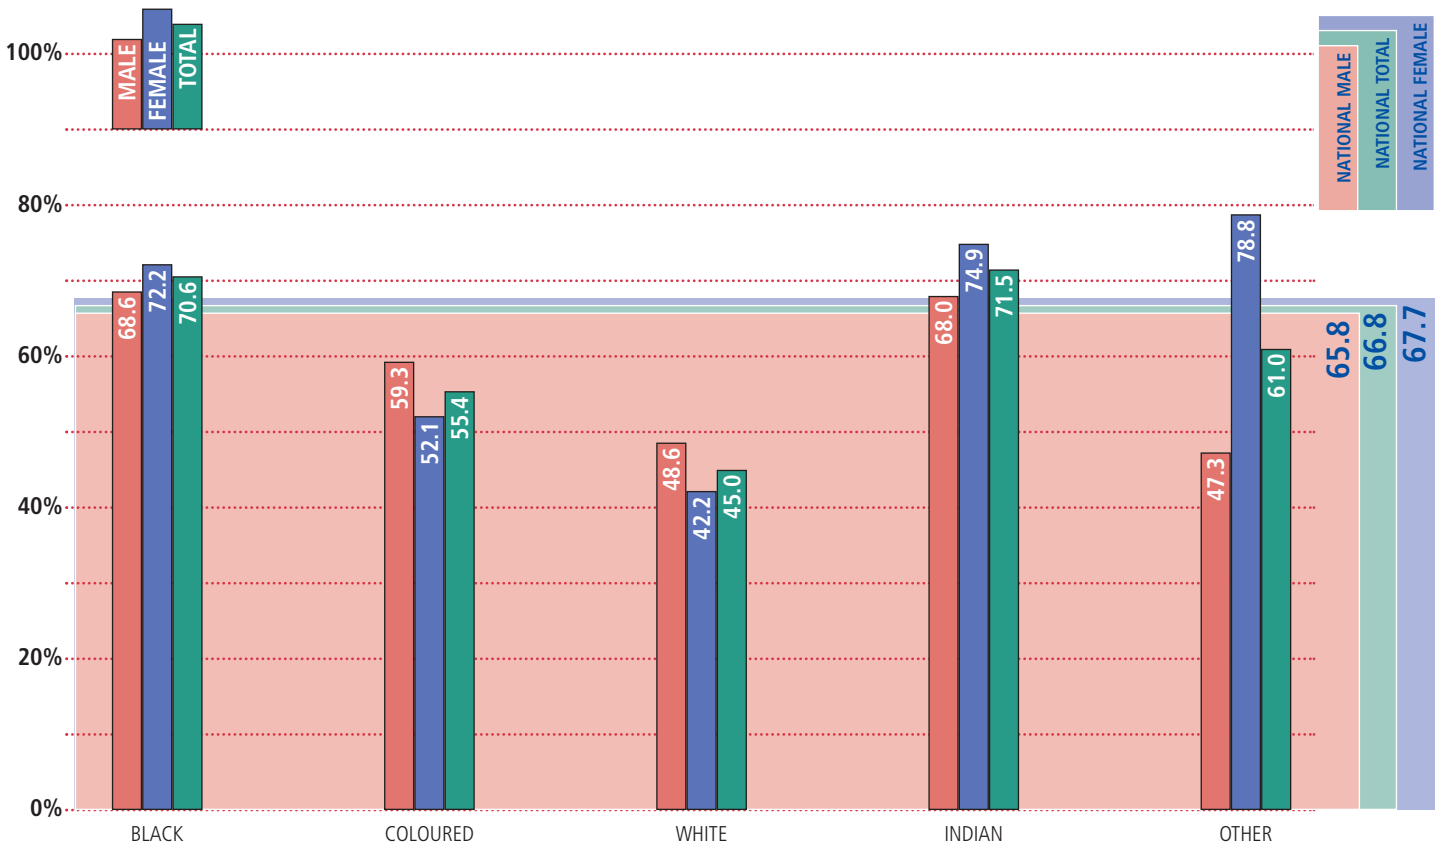

# Graph 23: Percentage of high school learners who always washed their hands after going to the toilet by gender across the "races"

## ALWAYS WASH HANDS AFTER GOING TO TOILET

**Graph 24:** Percentage of high school learners who always washed their hands before eating by gender across the "races"

**ALWAYS WASH HANDS BEFORE EATING**

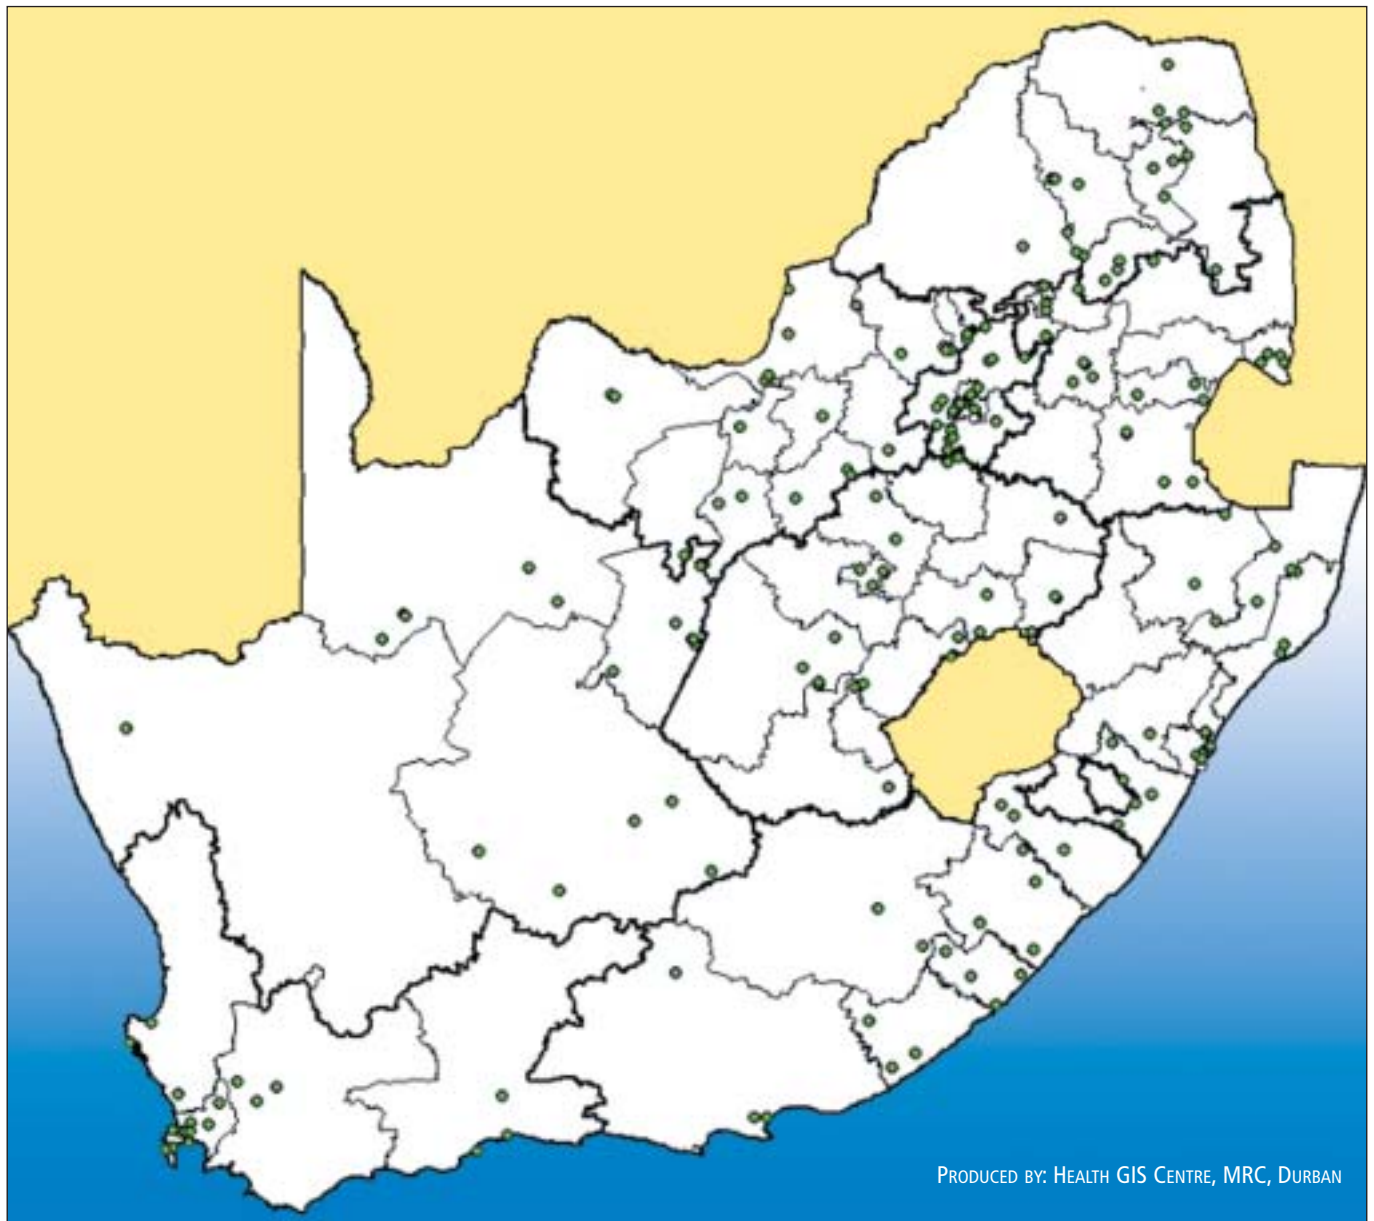

Figure VII: GIS Map of schools that were selected and that participated
