

Prevent, Protect, Educate

# Chemicals and Poisons

**Well Done!**  
Have a good day at school!

Be careful of peeling paint

Ask an adult before you eat any mushrooms that you find

Leave all weed killers, pesticides and fertilizers alone

Ask an adult before you eat any berries that you find

Avoid all waste materials

Be careful of toilet cleaners and aerosol cans

Be careful of bleach, drain cleaners and soap powders in the kitchen

Don't drink anything, unless you're sure of what it is

Be careful of petrol, paraffin, brake fluid, battery acid and paint thinners

Stay away from tobacco and people who smoke

Don't play with batteries, or bug sprays

Don't play with Mom's perfumes, nail polishes or nail polish remover

Be careful of medicines in the bathroom

**Start**  
Thandi is on her way to school, but there are poisons and chemicals around her home that she must avoid. Help her find her way to school by drawing a line that avoids hazards
